To My Son- I Love You FOR EVER
and I am Proud of You Dad

"What greater or better gift can we offer...than to teach and instruct our youth?" ---Cicero

A celebration can be so simple, when there is so much to be celebrated. But perhaps one of the most valuable and important aspects of life to celebrate is that of knowledge.

Acquiring and gaining knowledge is an endless circle. There must constantly be someone to play the role of instructor or educator.

Celebrating such an educator, the Los Coyotes staff is proud to dedicate Los Coyotes 1976 to MRS. LESLEE BOND.

Coming to BPHS in September of 1960, Mrs. Bond has contributed to the school in her own way. Over the past fifteen years, her own

Inspiration and Dedication

to teaching has kept her going enthusiastically.

Starting out as a rookie Coyote, she began as a teacher in the English Department. Throughout her career at BPHS, Mrs. Bond has become a teacher of English, Journalism, and Publications.

Being a true ourdoorswoman, she enjoys bicycle riding, hiking, camping, and picnicking, along with photography. Owning a large motor home, Mrs. Bond and her husband do much traveling.

As journalism adviser, Mrs. Bond is a profile of courage. Many times she has spent long hours working late at night, or on weekends to help students complete work for newspaper and yearbook deadlines. Anytime she is needed by students for special help, she makes a point to stay after school to assist them. This is a difficult, time consuming job, but Mrs. Bond is a determined individual who takes it in stride.

So, to you MRS. LESLEE BOND, educator and friend, we celebrate your achievements with this dedication.

This year marks the twentieth-year anniversary of Buena Park High School.

The Los Coyotes staff would like to

Commend

those teachers who have taught with dedication for the full twenty years that BPHS has been in existence.

They are Mr. Rito Rios, assistant principal; Mr. Vahram Kerian, Mathematics; Mrs. Ruth Nordstrom, English; Mr. Scott Malich, Boys P.E./Coach; and Ms. Claudine Casey, Girls P.E./Coach.

When Mr. Rios came to BPHS he was a bachelor who received his B.A. from UCLA. Mr. Rios began as an Art and Spanish teacher.

Mr. Vahram Kerian taught at a Buena Park elementary school for four years before coming to BPHS. Mr. Kerian composed the Alma Mater and "Coyote Fight" while teaching Music and Math.

After teaching in Westbrook, Dawson, Lake City, and Renville, Minnesota, Mrs. Ruth Nordstrom came to BPHS where she has taught in the English Department.

A former U.S. Army serviceman, Mr. Scott Malich also taught at a Buena Park elementary school before coming to BPHS. Mr. Malich has been Director of Athletics for eleven years.

One would think P.E. was the only thing Ms. Claudine Casey has taught. However, a year before coming to BPHS she taught fellowship at the University of Colorado.

These teachers' contributions and devoted service will always be remembered and greatly appreciated.

1. Mr. Scott Malich hits a pose that has been a trademark since his beginning as a P.E. teacher. 2. Ms. Claudine Casey remains vivacious and youthful after many years as a hard-working coach and P.E. teacher. 3. Mr. Rito Rios has worked his way up from Art and Spanish teacher to administrator. 4. Mrs. Ruth Nordstrom, a chosen finalist for Orange County Teacher of the Year Award, examines books that will interest her Reading Development students. 5. In each day another chance to develop
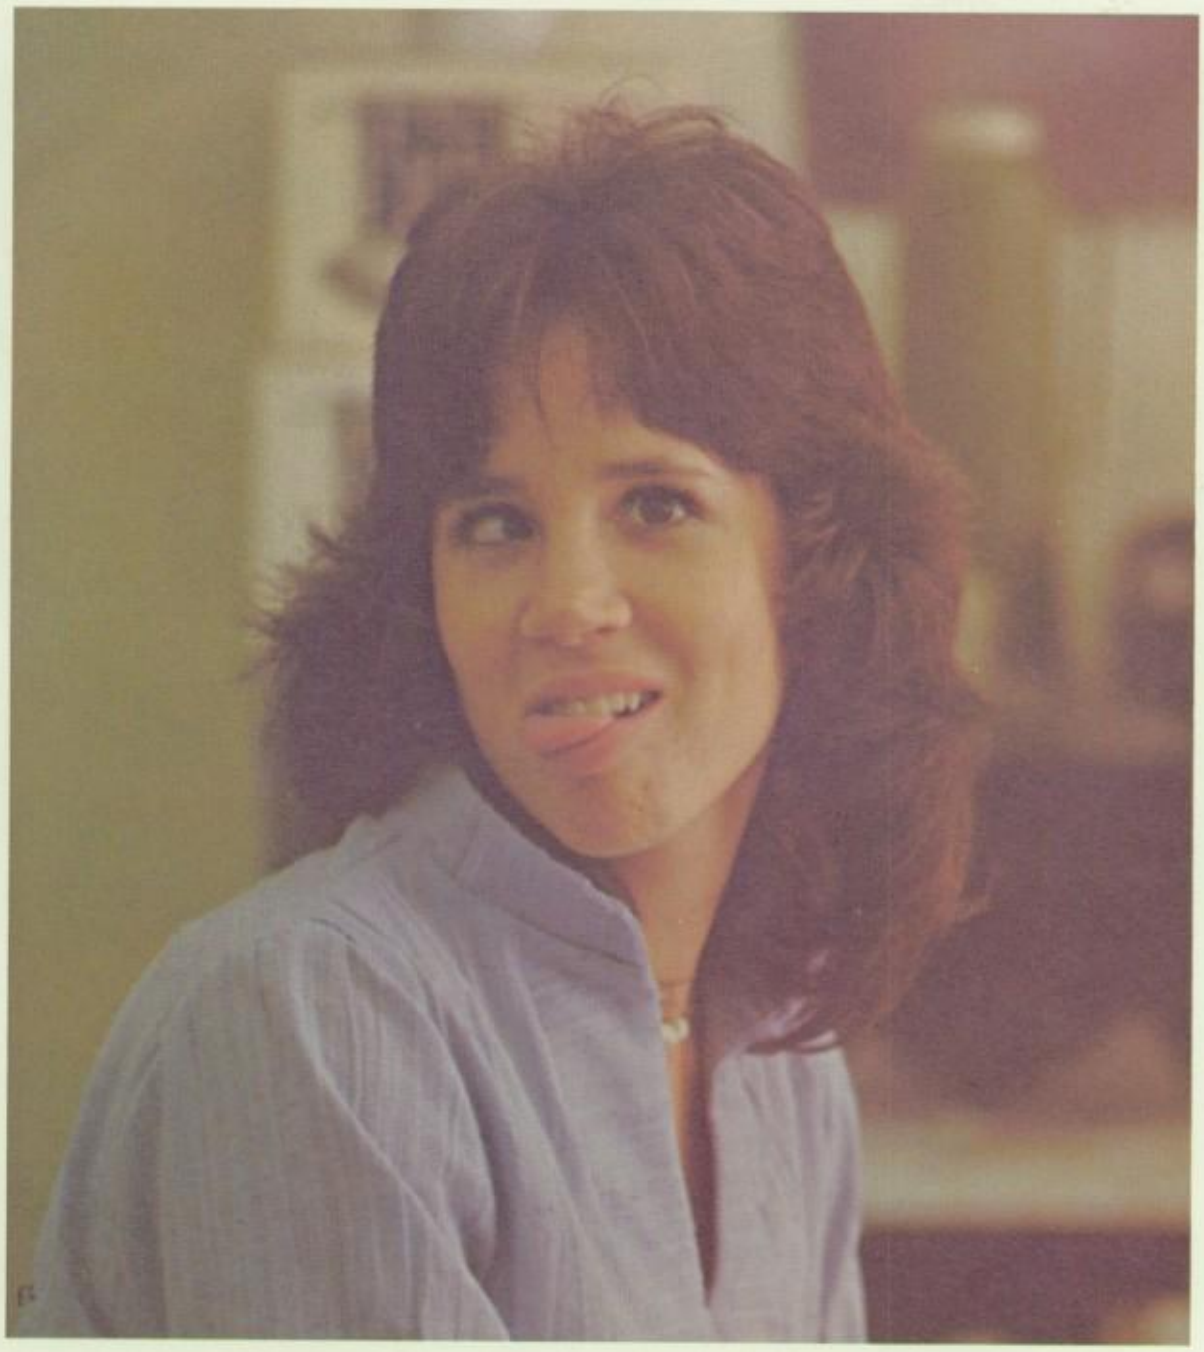
What is most unique in our being.
We are free to express our individuality–
Searching for talents, reaching for dreams,
Our only limit is that of the mind.
Be joyous in living, in thinking, in doing
As we mark this time in our life.
Celebrate, for we are young.



CELEBRATE . . . where we live
And the beauty that is still in our world.
Seek a barren beach to view a painted sunset,
Or find flowers lacing through grass.
There are still high mountains to climb,

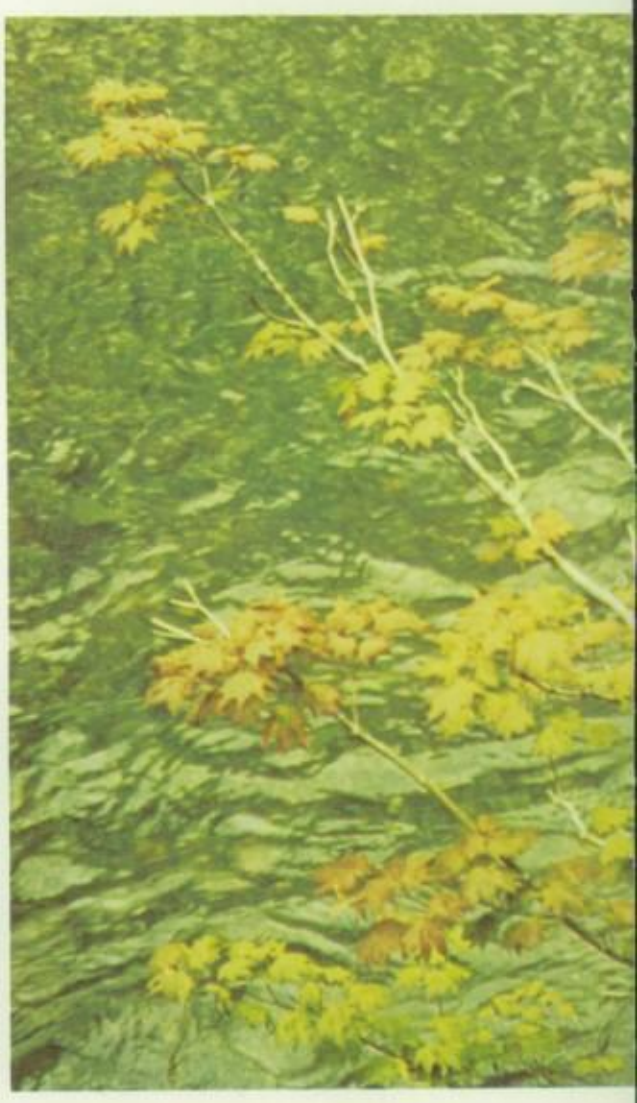
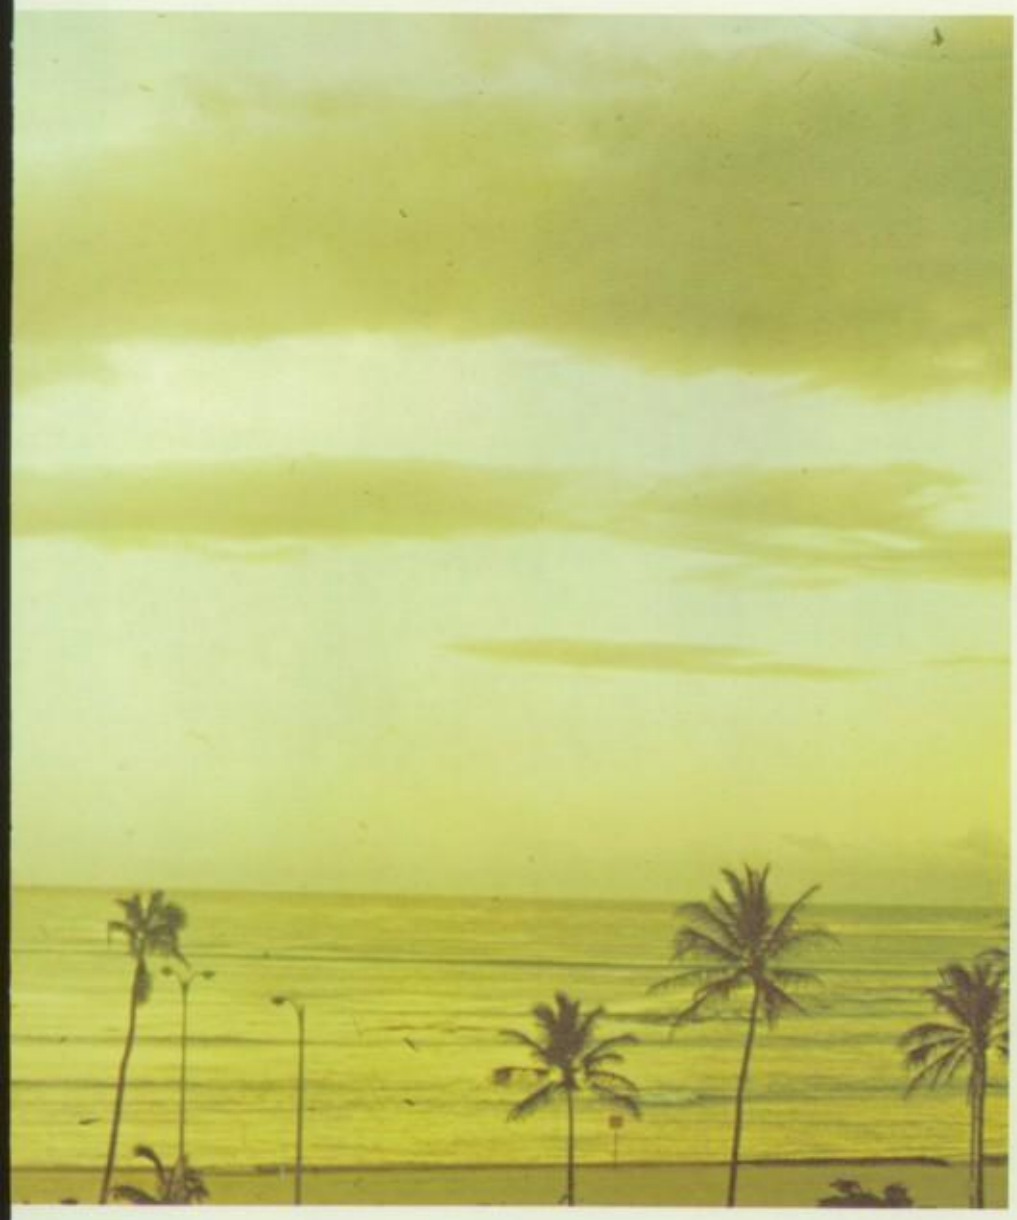
To discover away from congested cities.
Appreciate nature as we celebrate this love
For hiking, jogging, surf and water,
For birds and flowers and eternal trees.





CELEBRATE . . . as we look back, seeking our roots,
Finding substance in honor, integrity, in the year 1776
When what we are now all began.
Fire a salute to all those who gave us flags
To wave and times for rejoicing.
Their dreams, high visions, and brave actions
Shall blaze like fireworks in our memories.

NEW BUENA PARK HIGH SC

CONTRACT OVER $1.5 MILLION FOR SCHOOL GROUND, BUILDINGS

BY C. N. "DOC" COOK

The new Buena Park High School hich is now open with an enrollent of around 500 is ranked as alifornia's newest and finest high hool, by Principal Richard H. paulding.

The 13 buildings and grounds present a contract of approxiately $1.5 millions awarded to emp Brothers and George K. hompson in a joint venture buildg contract.

Great pride in the new school is pressed on all sides by school strict officials. Fullerton Union igh School District has a reputtion for a high quality educaonal program. Superintendent T. anley Warburton believes the w fac'lity will continue to turn t "distinguished graduates as aders in the nation", as the dia ict has in the past.

Kemp Brothers were awarded e construction contract. They ve built many Southland schools d since they formed their own mpany in 1935 Kemp Brothers ve come to rank among the ma r school builders in California d perhaps in the nation.

Since 1935

The two Kemp brothers, Don and lyde grew up among contracters. heir father, J. A. Kemp came wn from Canada in 1893 and arted in the business of building ildings. Don and Clyde were put work at early ages. In 1935 ey formed their own company.

Don Kemp appears regularly on e numerous jobs that are contin nously underway. A registered vil engineer, he knows the mathnatics of construction and of finces which has enabled the firm be low-bidder on many big jobs. ese include El Rancho High, alifornia High and the Civic nter in Whittier; Science Build g, Fullerton JC; Administration ilding, Norwalk State Hospital, ng with several million dollars war contracts. Kemp Brothers ve had building contracts up and wn the coast from Santa Maria to San Diego.

Front of New High School

The other day, as students were registering and faculty members were seated at temporary desks while finishing touches were being rushed on classroom buildings, Don Kemp was making one of his final inspections of the high school.

"How about this pride and enthusiasm among school officials?" he was asked.

"Very complimentary," he replied in his usual quiet manner.

"Is this a masterpiece — they all seem to think it's a masterpiece?"

Don Kemp was thoughtful.

"William H. Harrison is the architect" he said, "and these are excellent plans. Let's take a walk around the grounds."

Mr. Kemp the builder reflected some of the enthusiasm that had been expressed often by school officials. As he spoke in the technical terms of the engineer he spoke of lasting qualities of the buildings, materials and structural members. Each new project offers a challenge to the builder, he pointed out. But as to this school being a masterpiece — well time would tell about that.

With modern methods, new materials and skilled workmen in all of the several trades demanded in building this first unit of Buena Park High, some few items in its construction are new. These were all set up in the architects plans and specifications. To coordinate both arrival of materials and effort to put them into place takes experience, which in the jargon of the trade is boiled down to "know how". This, Don Kemp admitted his firm possessed.

Scorn of Contracts

"Little of the builders skill shows after the work is finished," he pointed out. Painters coer the walls, masons cover the framework.

All of the responsibility rests entirely on the contractor and this includes the work done by more than two dozen sub-contractors.

Kemp Brothers had an average of fifty of their own employees on the job. The payroll went as high as $10,000 a week. This included all of the carpenter work, the grading of the site and all the curbing and gutters.

During this stroll about the grounds and through the buildings the pre-cast reinforced concrete walls were pointed out as being built to last. The partitions that divide the class rooms can be knocked out. Should time come when the school will serve a different purpose, no need to clear the site for a new building. Knock out some walls and there a room for another purpose is available "Functional" such construction is called.

May Be A Masterpiece

Radiant heating, controlled lighting, ceilings of acoustic tile, laminated roofs to aid greatly in temperature control, floors covered with asphalt tile all adds up to what the school officials call "a masterpiece."

Don Kemp looks upon each of the several units as the best that can be built for the specific purpose they must serve. Conventional class rooms are of the best. Science labs, study rooms, library, all are "engineered" for the service they must give.

The play grounds received the same attention from the engineer as did the buildings. Baseball, basketball, tennis, soccer and track are provided for. The running track is built to AAU specifications. Safe to predict that the Olympic games four years from now will have athletes trained on the Coyote oval.

Buena Park High could be Kemp Brothers masterpiece. Don Kemp says time will tell.

Ten Miles Of Pipe

Buena Park high school, new and shining in its grounds and athletic field has a lot of hidden assets and the main one of these is its plumbing. Ten miles of pipes of one kind and another are hidden in the walls, floors and the grounds about the buildings.

A bout half of the piping and the numerous connections that go with it can be charged off to plumbing and the other half to heating. They are closely knit, because it is piping that makes the two systems work.

The installation of the plumbing and heating has been under the direct supervision of John Murany, master plumber and contractor who has been servicing schools and large commercial establishments for the past eight years.

He has seen all the new scientific appliances and controls come onto the market and has seen them included in building designs bringing efficiciency to a higher standard. For instance, there's the thermostat that controls temperatures.

"It all adds up to savings and safety" Murany said. "Savings in fuels and safety for the pupil".

Master Plumber Murany pointed to the piping that carries the water into and away from the gymnasium. Here the shower rooms were designed for the athlete to dash into and under the sprays with a maximum of room and comfort. Thes showers have thermostats with governors. No chance for someone in a hurry to turn on the hot water and get burned. It also stops the prankaters "playing horse" and giving the hot water jet a spin just to see if the victim can get out from under fast.

Pipes In The Floor

Heat controls in each of the rooms regulate the flow of hot water through the pipes that are embedded in the floors. Radiant heating" it is called, the modern method of maintaining proper temperature in the room. Heat rises from the floor and the head is kept cool.

Class Room Colors Will Be Easy On Eyes

Class room colors at the new Buena Park high school have been planned to be easy on the eyes. That goes for the eyes of pupils who will spend hours in these class rooms and also for the artic who merely passes and takes a look.

Paint is the responsibility of Vic Lindstrom who became a contract painter before he was 30 years old in his home town of Fora, Oklahoma. He painted the school house there and did many other buildings, mostly residences. Later in California he worked as a painter in theaters. Scroll work around the stage and boxes, on the walls and ceilings called for artistic blending and shading with as many as seven colors, multitudes of tones.

Vic Lindstrom considers a scho painting contract next to a ater for demanding the artistic blend of color with the paint brush or spray. He also believes in training painters so they can put the master's touch into the final coats as the thin layers are built up to cover the surfaces.

At the Buena Park high school Lindstrom's paint superintendent on the job is a young fellow named Dick Wagner. Another young man is currently supervising Lindstrom's paint contract at Santa Fe high school.

Charles Lindstrom, 24 years old, is superintendent there and his father declares either of these two young men can handle the new mastics and plastics as well as he ever could.

In the numerous contracts that Lindstrom has underway or has completed recently include Glendale College, Watts Junior high school and two schools at Palmdale.

"Other schools are typical of Buena Park" Lindstrom said. Today when a school is built, it is designed to last for many years. Seldom do we cover a wall with fewer than five, often six coats of paint."

At Buena Park High the first coat is a coat of oil. This is the filler. Then comes a stain. It takes two coats to seal the surface and these have to be sanded, after they dry. Sanding is something of an art, Lindstrom says. Finally two coats of semi-gloss laquer goes on and the walls are finished.

Lindstrom pointed out that no two of the many class rooms at Buena Park High will have the same color combination. Each room has been planned to carry the proper colors and tones for the best possible light reflections. This goes

High School Fills Needs – More Build In Near Future

Architect William H. Harrison has designed so many school buildings in the Southland that his name came up automatically when the Buena Park High School was authorized.

A list of his schools in the area would lead a stranger to think there was no class room shortage and that the future was well housed. The future is considered in the program of D. Gordon Mc Comber ,trustee chairman and his group for what is on the campus now is just about half of it.

According to the philosophy of architecture, it is the signature of every civilization. Here the first initials are all that have been signed. The thirteen buildings will serve the present. Freshmen and sophomores will enroll this year. The first class will graduate in 1959. By that time additional buildings propably will have been completed and Buena Park will have writen that "indelible record of human progress."

Population Increase

With the increasing number of families moving into the area some school authorities have predicted that a dozen high schools will be needed before the district population starts to level off.

This was anticipated. Principal John Machisic and his staff faced many obstacles this year, including the tremendous cut in the school budget. The

Administrators

through their diligence and efficiency, met these challenges.

As busy as they were, they still found time to participate in the social side of school life. Dr. Machisic could often be seen greeting students as he walked across campus. The other administrators were often found enjoying themselves at school dances or cheering the Coyote teams on to victory.

Through their leadership, the administration guided the student body through another school year.

This year the hardworking and dedicated

Counseling

Department helped many students solve their problems, academic as well as social. They provided the guidance and concern that a great many students needed.

Besides counseling students, the counselors provided help in many other ways. Mrs. Carol Bowen was kept busy with career education, while Mrs. Margaret Hurst aided students in finding the right college or obtaining a scholarship. Mrs. Vida Northup worked with special service agencies in the community that provided assistance for students. Mr. William Jenks had the job of keeping the lines of communication between school and community open. Mr. John Miller was in charge of testing. It was his duty to get the PSAT, SAT, and ACT all taken care of.

English

Due to the new graduation requirements, the teachers in the Department began reconstructing their programs.

Freshmen who were behind in their reading were given the option of Reading Development instead of English 1 for the first semester. In the second semester they had a choice of three elective classes: Oral Communication, Developmental Composition, or Words, Thoughts, and Expressions.

English 1 is no longer limited to freshmen, and any student may enter English II after completing English 1.

The English Department, headed by Miss Sharon Hunter, worked on improving classes as well as teaching techniques that best met the needs of the students.

Department provided BP with many fine vocal and instrumental programs. Whether it was a concert put on by the chorus or a half-time show by the band, the viewers were pleased as the quality revealed hard work and practice. This showed up when the Coyote Band won second-place in the California Band Review in November.

The annual art show, held by the

"People" is the word that describes what the Social Science Department is all about.

In U.S. History, learning about our country's past was the main purpose. Exploring old customs helped to teach students taking Ancient Cultures.

Another class offered in the

Social Science

field was Social Psychology. The course included delving into topics such as reasons for the feelings and emotions of one's self and others.

Studying the mental and physical reactions of people to situations gave students some knowledge of the social aspect of science.

Learning the basics made the advanced courses easier to understand. Therefore the

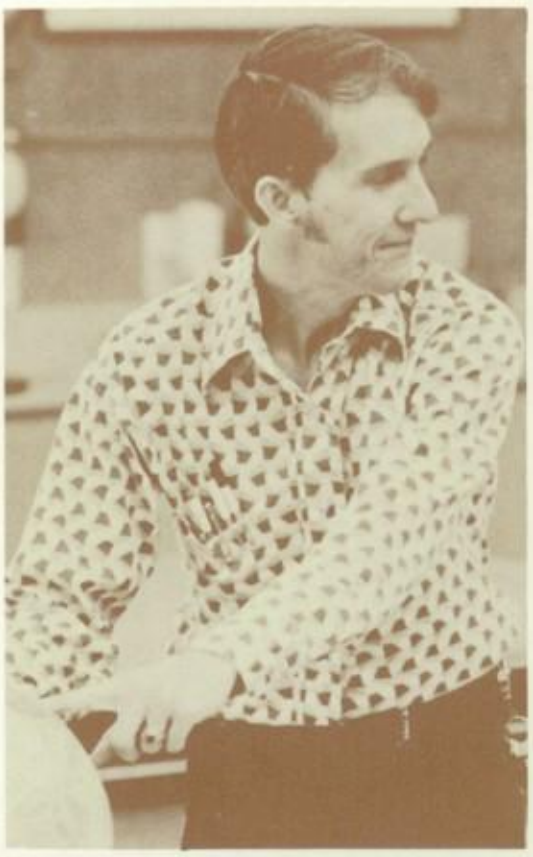
Math

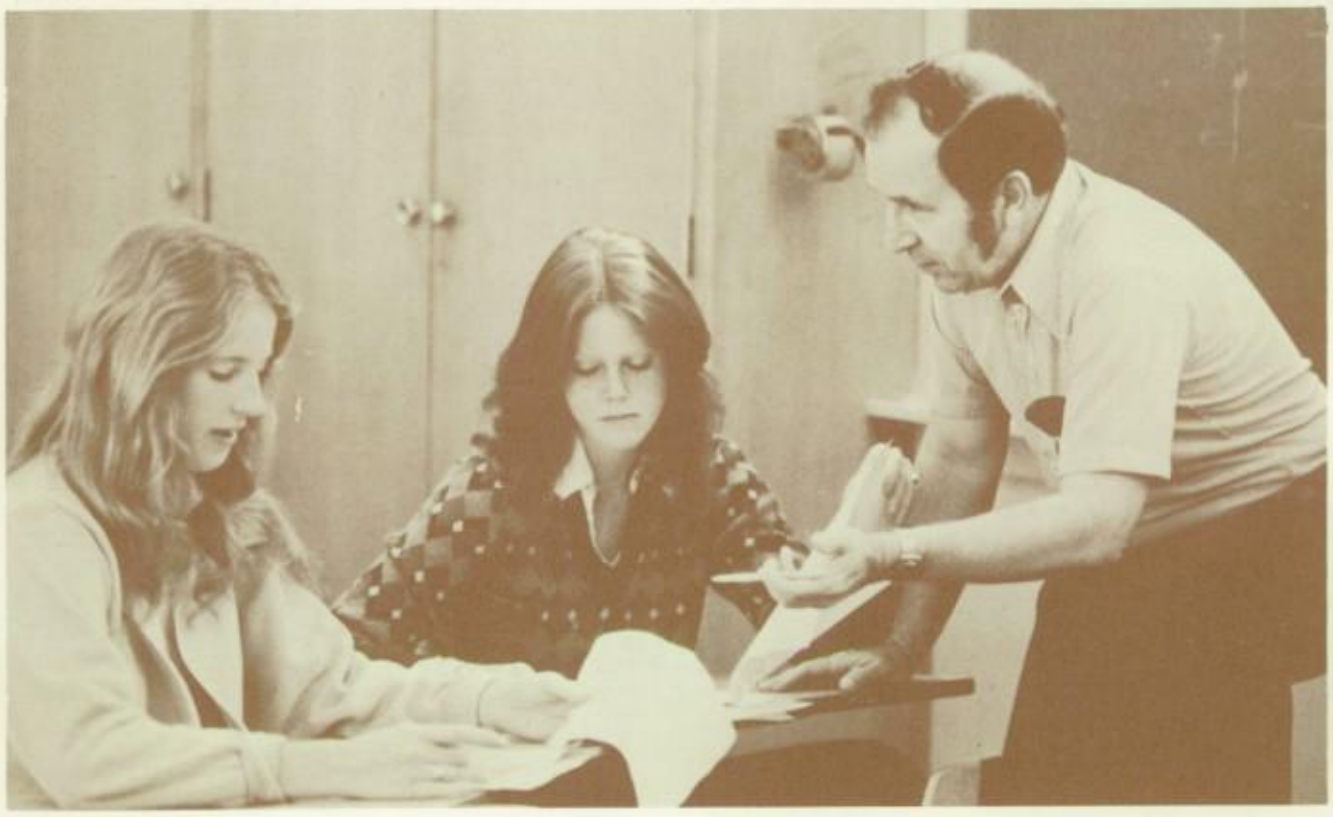
Department stressed the hows and whys instead of just getting the right answers. They concentrated on more individualized help and on each student working at the level that suited him best.

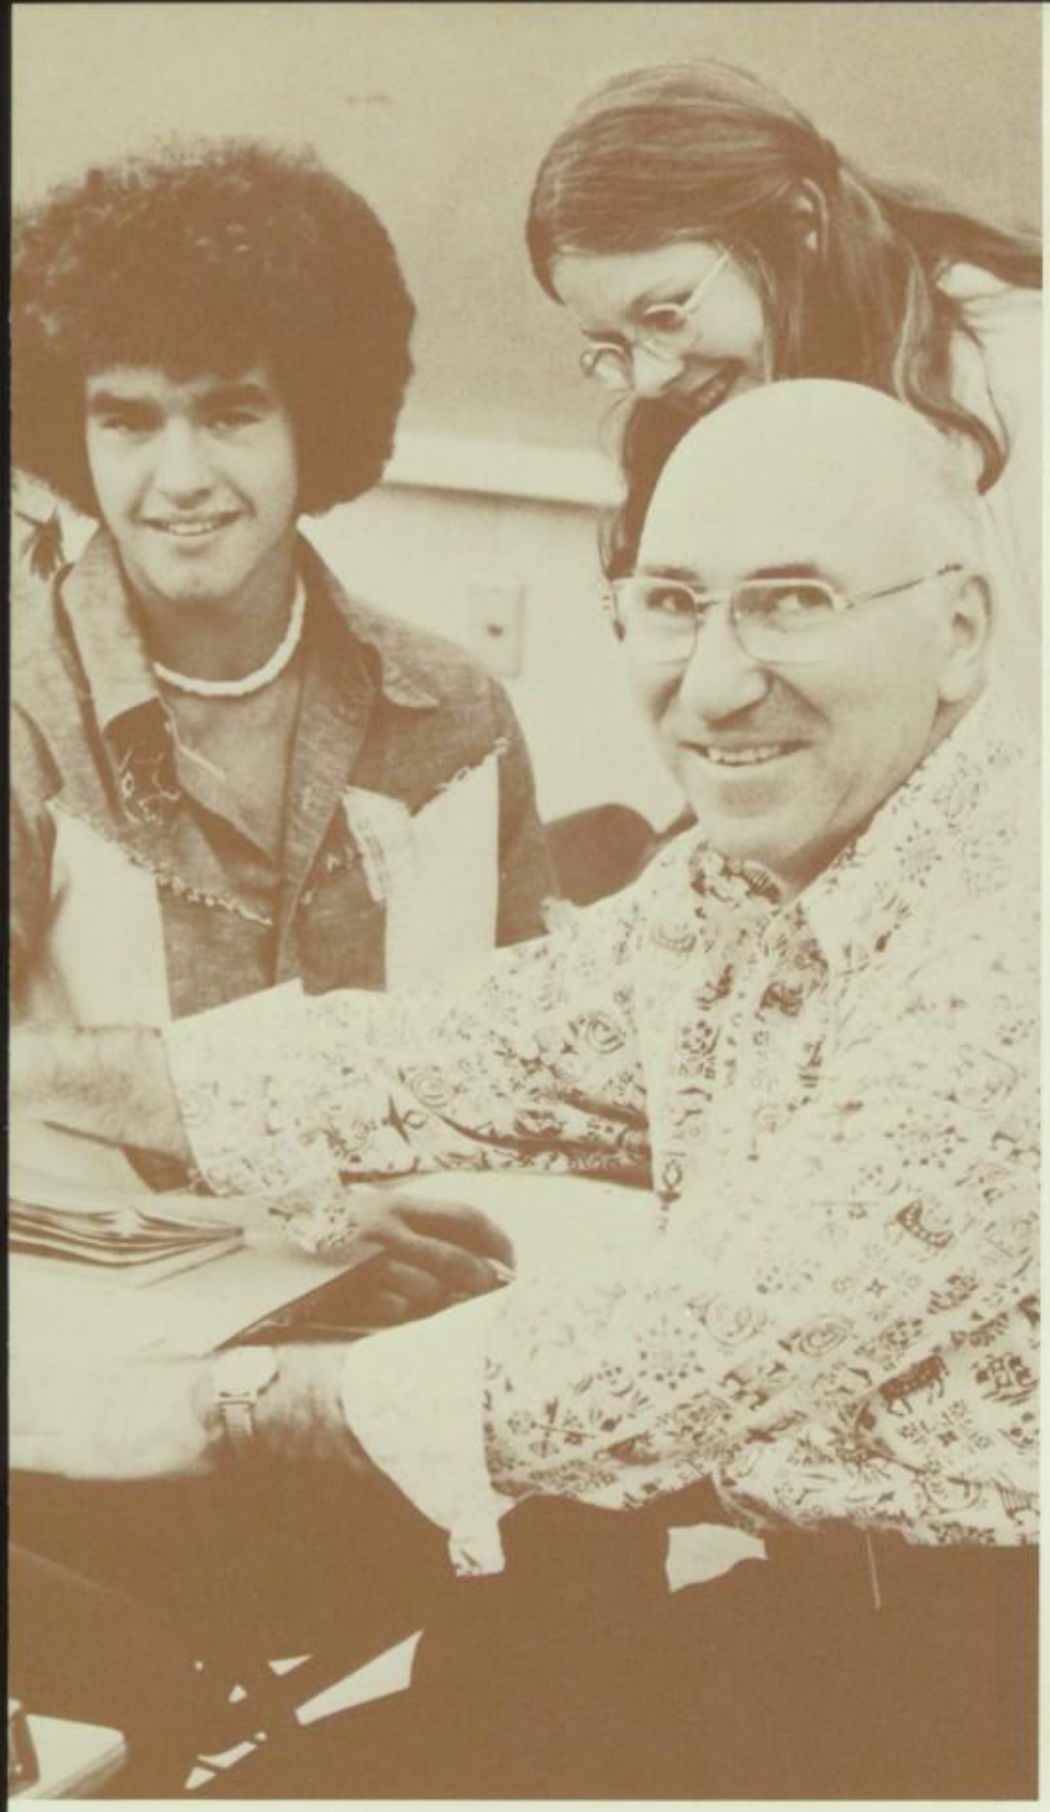
Trying to get more labs and activities this year, the Department based its efforts on student activities and research into interesting hypotheses.

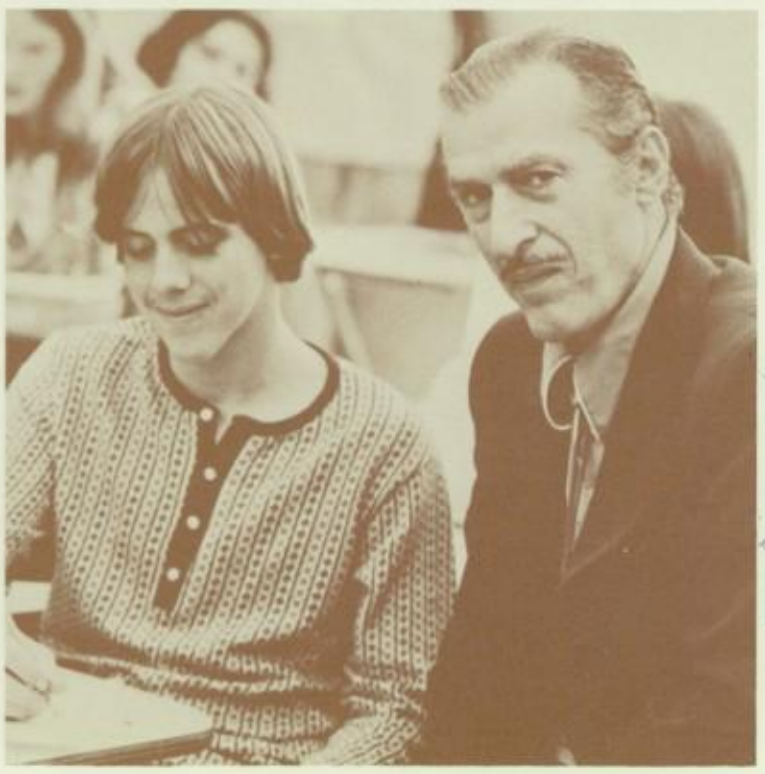
In the future, if budget permits, science teacher Mr. Robert Goodrich would like to see a room, well equiped and designed, for independent student research.

The Math and Science Departments worked for student involvement and satisfaction in personal and group accomplishments.









1. Mr. Robert Goodrich points out an interesting detail to his science class. 2. "I think you've finally got it!" exclaims Mr. Bernard Schumaker to Patty Anderson and Jill McManus. 3. "The circumference of a circle . . . Mr. Saul Schachter is always ready to help his math students. 4. Mr. William Jovanovic enjoys teaching students in his Science Survey and Chemistry classes. 5. Mrs. Carol Fritz helps her students understand the complexities of mathematics. 6. Mr. Roger Ehren explains an algebra problem to an interested student. 7. Mr. William Moffat and Mrs. Sarah Gronstrand take a look at a unique specimen. 8. Mr. Vahram Kerian can't understand why his student continues to be puzzled.

Water skiis and surf boards were two popular products made by students in various shop classes.

Applied Crafts students centered much attention on jewelry. Classes of Graphic Arts succeeded in the silk screening of posters.

Even jacuzzi's were constructed by

Industrial Arts

students, as well as radios and modern furniture.

All things made in these classes were put up for sale. The profit made by the creators depended upon the amount of money the student charged for the item.

Repair work was done on various household appliances in the Electronics classes. Students gained knowledge as owners enjoyed free repair work.

Students worked hard on their projects in order to display them in the annual BP Art Show.

Many artistic and useful talents were exhibited by students as they practiced their skills.

Much experience was gained,
As good business was maintained.

1. "Look!", Mr. Ed Terwilliger, Wood shop teacher, exclaims to Allen Link and Marty Tomeraasen. 2. Mr. Ronald Gross, Plastics teacher, gives Gus Fuentes and Steve Fowlkes some pointers on finishing up a skateboard. 3. "I found the problem," says Mr. Sam Wells, Auto shop teacher. 4. Mr. Tye Hillger, Graphic Arts teacher, gives a little smile as he figures out this complicated machine. 5. Mr. Ronald Thomas, Drafting teacher, looks happy at the attendance of his class today. 6. "Now watch his technique," says Mr. William Strasburg, Metal shop and Wood shop teacher, to on-looking student Chris Gomez. 7. "This is our lesson for today!" Mr. John Van Wonterghem, Electronics teacher, warns his students.

Through the use of new cars and equipment,

Drivers' Ed.

students experienced advantages this year.

Because of the gas shortage, smaller cars were chosen for better mileage. Mr. Scott Malich jokingly commented that brightly colored cars were used to make sure the student driver was easily seen. Students also learned driving skills from films and textbooks.

Many ideas were used in teaching

Health

classes. One innovation was featuring guest speakers such as a policeman, a representative from an adoption home, and a nurse who spoke on birth. Also video-tapes were used to make the learning experiences more meaningful.

1. Mr. Edward Hicks departs on another adventure with an inexperienced student driver. 2. Mr. Scott Malich fondly reminisces on the 20 years he has been teaching at BP. 3. Mr. Kenneth Bell and Mr. George Fairchild take time out from class to discuss health issues. 4. Mr. George Giokaris helps Jeanne McCormick with her health project. 5. "That's a good answer," compliments Mr. David Buchholz. 6. Mr. John Craven explains the various controls on the dashboard to Martha Garcia and Teresa Barnett. 7. Mr. Norm Watson gives a sigh of relief after a long day. 8. Mr. Prentis Porter takes a "breather" between drives. 9. "Absent again!" exclaims Mr. Albert Britt as he takes roll in his health class.

A greater variety of activities offered in the

Physical Education

classes was one big change for the department this year.

Another was that tenth through twelfth-grade students participated in co-ed sports.

Every six weeks, the classes had a choice of six different sports activities.

The teachers really enjoyed working with both boys and girls, according to Department Head Mr. Scott Malich. He stated there were no real problems and everyone had a lot of fun.

Freshmen were given a variety of required sports from which to choose. Next year they will be able to participate in co-ed P.E. classes.

Ms. Janice Howard demonstrates the proper technique in badminton strokes as Mary O'Bryan, Sherry Smith, and Dave Taul look on. 4. Ms. Claudine Casey seems happy at the success of a tennis student. 5. Ms. Donna Kramer takes time out from a tennis match to smile for the camera. 6. It's a bird, it's a plane, no, it's Ms. Sally Thompson displaying correct form on the uneven bars as Lorrie Charles looks on. 7. "C'mon, you can do it!" Mr. Ralph Tallant urges Linda Gonzales on as she breaks her record in sit-ups. 8. "Hey, there!" greets Mr. Dan Hirsch as he strolls along the pool deck.

The Agriculture Department set out with many goals to achieve.

Entering their animals and crops in competition. BP participants won first-place in the Orange Coast Contest. They also had the best agriculture display at the L.A. County Fair.

The students involved in

Agriculture

worked long and hard on their project of building a new farm. Everything from pig pens to green-houses was constructed, and a new drainage system was installed that eliminated flies and odors 99 per cent.

Many fine dishes and new fashion garments were created by students in

Home Economics

classes.

Some of the specialties made by student chefs were pumpkin pie, peach cobbler, and popcorn balls. They worked to make these dishes and were rewarded with the enjoyment of eating them.

Sewing students made five garments, four of them required, with the fifth being one of their choice. BP's seamstresses and seamsters dressed smartly in their well-made products.

Mrs. Margaret Nelson, Home Ec. teacher, displays certain stitchery technique as Penny Oestendorf looks on. 5. "Notice the leaves," explains Mr. Rhynie Hollitz, Ag teacher, as he tells students about plant characteristics. 6. Number 324 is one of the many Buena Park beauties on the Ag farm.

In recent years, new and different teaching techniques have developed and BP has changed with the times. Two unusual approaches to teaching were introduced this year. One of them was the

Alternative School

which was designed for juniors and seniors with a "C" average or better. These students were able to study on their own time and learn at their own pace. They were to report to class and then were free to work on the subjects in which they needed help.

Another new class on campus was

Community Lab

which was open to juniors and seniors wishing to learn about their community, career opportunities, and how to spend money wisely. Students were required to do such things as 30 hours as a teacher's aide in an elementary or junior high school. Also, members of the class participated in simulations on getting married and on buying a house or car.

1. Mr. Albert Hammel, Mr. John Costello, Mr. James Robinson, and Mrs. Virginia Wallace, Alternative School teachers. 2. Marty Farnum thinks Alternative School is "A-OK." 3. "Thank you for shopping Fazio's," says Rose Fusco as she earns credits for Community Lab. 4. John Noble studies hard for his classes in Alternative School. 5. Community Lab teachers Mrs. Marietta McIntire, Mr. David Boies, and Mr. Ronald Calvisi prepare a lesson for their students. 6. Students in Community Lab work at completing journals on one of their 30-hour projects. 7. Judy Drew signs out before leaving Alternative School.

English as a Second Language was a program designed for students coming to BP from other countries.

As director of the

ESL Program

Mr. John Kahkonen was pleased with the responses from the foreign students. The course involved teaching the English language to enable them to take part in American life.

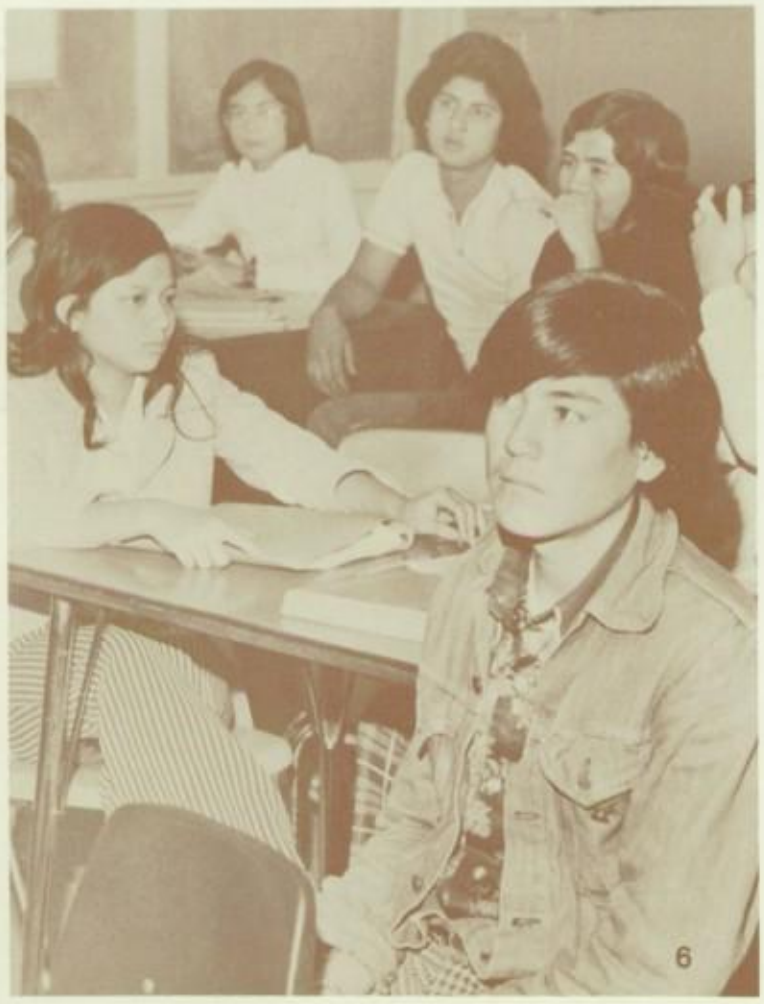
Both Work Experience and

ROP

became more widely used. These programs helped familiarize students with job opportunities.

Work Experience dealt with finding jobs for students wanting either wages or high school credits.

ROP centered around teaching job skills while students worked on location.



1. Mr. Fred Pilling explains ROP program to interested students. 2. Aide Ruby Torres and ROP Director Fred Pilling. 3. Mr. John Kahkonen shares a laugh with his ESL students. 4. Aide Dolores Narez explains words to ESL students. 5. Work Experience Director Ralph Olson gives instructions to aide Donna Elliot. 6. Members of the ESL class, such as Juan Najar, listen intently so as not to miss any important points.

The "Severe Oral Language Handicapped Program," used this year for the first time at BPHS, proved a great benefit to the

Special Ed.

Department.

Mr. Joseph Scofield, teacher in the department, described the project as "Operation Survival." He explained that it is "getting students ready to survive in a world where language is necessary."

This program was designed to help students who have problems with making and comprehending sentences. Instead of book work, the students learned through game situations. While many of the ideas were experimental, they gave positive results, according to Mr. Scofield.

1. Mr. Stanton Booth writes out an assignment for his student. 2. Mrs. Betty Adams and Mr. John Pirkle help Lupe Ortiz and Elizabeth DeGraffenreid with their research. 3. Mrs. Nancy Steudle contemplates the grading of assignments. 4. Mr. Joseph Scofield explains the rules of a game to his students. 5. Mr. Todd Tennyson goes over a story with David Cleeland. 6. Special Education aides are Mariana Rosman, Jo Peveyhouse, Carolyn Close, and Carol Henderson.

Subsidized by the government to help students who have difficulties in reading, the

Title 1

program, under the guidance of project director, James Book, proved beneficial. Room 53 served as a resource center as well as a tutorial center. Mr. Richard Bartulski and ten aides helped students in their studies of English, Math, Science, Social Science, Driver's Education, Health, and other subjects.

1. Title 1 aides Jo Monson and Mana Dascanio assist Bobette Perault and Linda Taylor in researching the life of Franklin D. Roosevelt. 2. Title 1 aides Jeniffer Looney, Claudia Hodges, and Nancy Burkhart brighten up the day. 3. LaRae Ferraris and Gail Kolyer find time to share a joke while discussing possible future careers. 4. Coordinating the Title 1 program, James Book can always rely on secretary Edith Baker for assistance. 5. Mr. Richard Bartulski, Title 1 teacher, helps Linda Helfrich with a semester project. 6. Group discussions were a large part of the program as aides Olivia Villafana and Joy Phillipson discuss current issues with two students. 7. "If you havn't read JAWS yet, this would be the book for you," suggests aide Libby Ringo to Joe Espinoza.

The budget cut did not lessen the library's service. It continued to supply up-to-date information through

Resources

such as microfilms, newspapers, and magazines.

The bookstore finished the year in a new location which provided more room and convenience for students.

Taking the bookstore's previous area was the Media Center headed by Mr. Ed Walsh. Mr. Walsh and student aides supervised such equipment as televisions, records, tapes, and transparencies.

Informing classes of different

Vocations

the course on Vocational Horizons was helpful to students still undecided about future plans. Speakers were invited to tell of their professions, and some went through a simulated hiring process to give a student the experience.

1. Mrs. Betty Whitelock handles all bookstore transactions. 2. Mr. David Boies adds enjoyment to his Vocational Horizons and Community Lab classes. 3. Dennis O'Neill says "Ahh" for Mrs. Jean North, nurse. 4. In the Media Center, Mr. Ed Walsh teaches Donald Phillips how to operate a dry mounting press. 5. Mrs. Margaret Yamamoto, library assistant, gives students encouragement. 6. Dr. Peter Martin, head librarian, scans a recent book for research information. 7. Mrs. Jenette Robbins, library clerk, checks out magazines at circulation desk.

Behind the scenes in education, the classified staff worked to prepare the school for each new day. Bus drivers brought students to a school that was ready for them. But much work was put into making it that way. As an important part of the

Classified Personnel

the food-service women prepared food for students who bought it before, during, and after school. The campus maintenance workers were seen riding their carts through the halls to find areas that needed cleaning up or repairing. Also in the halls were the campus supervisors as they attempted to decrease tardies and absences.

PEOPLE

CELEBRATE . . . your youth,
the essence of this moment in life is now.

The '75-'76 Executive Cabinet began their active term during summer '75 when they held meetings, made plans for the coming year, and prepared themselves for carrying out the various phases of campus life.

Faced with a large ASB budget cut, the

ASB Cabinet

organized fund-raising activities to combat this problem. Included were bake sales, a car wash, and the Fourth of July BANG celebration at Bellis Park in which the BPHS booth won second prize in decorating in addition to earning $217.11.

By the time September came, the cabinet had earned over $500 to add to this year's budget.

Throughout the year, the cabinet members aimed to build a better school atmosphere. They worked hard to make this Bicentennial year a special, fun one for everyone.

Planning the Fame Fair, the initial painting of supergraphics, the Mariah concert, and various student assemblies kept the cabinet busy. The Howdy Dance, Freshman Orientation, Opening Day and Homecoming Assemblies, the Christmas Toy Drive, and Convention '76 were other ASB activities that highlighted a busy year.

The 1975-76 ASB Cabinet was not just a group of students who worked for the sake of status. Each member made unique and lasting contributions.

Not many students were aware of the time and work that the

ASB Cabinet

put into the planning and organizing of the various activities throughout the year.

The Cabinet was also a close group. Everyone shared the load and was ready to help when problems arose.

The fall semester started out with the 1975-'76 Student Congress installing the clock in the gym. This was last year's Senior Class gift.

Many important decisions were reached by this group of representatives. The

Congress

aided the administration on the class voting to determine whether students wanted a smoking area on campus. The vote was negative. They also made strong recommendations to the administration that the late bus have more stops along the route. This proved successful as the stops were put in and used throughout the year.

Many proposals were studied by

Student Court

members. Some of them concerned the enforcement of senior parking and of school rules.

The court also proposed two pieces of legislation to Student Congress regarding by-law amendments to the Constitution. The first amendment changed Article VI concerning the replacement of student body officers. The second amendment added a by-law concerning the replacement of class officers. Both were passed by Congress.

When we came to BP four years ago, we came as individuals with different beliefs, concerns, and dedications. As we came from different schools, we were forced to make new friends, to elect new leaders, and to work together as one, under the

Title of '76

As freshmen we started with ideas and hopes for a successful future. We wondered where we were going, what our identities would be, and how we would find them.

We were learners, reaching out for experiences and hoping for success. We were fun loving and enjoyed being ourselves.

Debbie Boekweg, Gary Scichilone, Donna Ishii, Bob Caverley, John Noble, Mike Luna, and Eileen Paskus each do their own thing as members of the alternative school.

Through the hard work of the class officers and the Senior Cabinet, many accomplishments were made. However, nothing could have been gained without the great amount of participation given by the individual members of the Senior Class.

Having color pictures in the annual was the main objective behind the fund-raising efforts of the class. Besides the usual car washes and bake sales, the

Seniors

organized many original activities. There were tasting parties, the selling of buttons, and a class party. This brought in much money, but the funds really increased when the Seniors came together and donated money to the class. Together with the Silverado Days goldfish booth and all other activities, the class of '76 earned over $1,000 in one month.

Ambition, determination, and hard work brought success for the Senior Class of 1976.

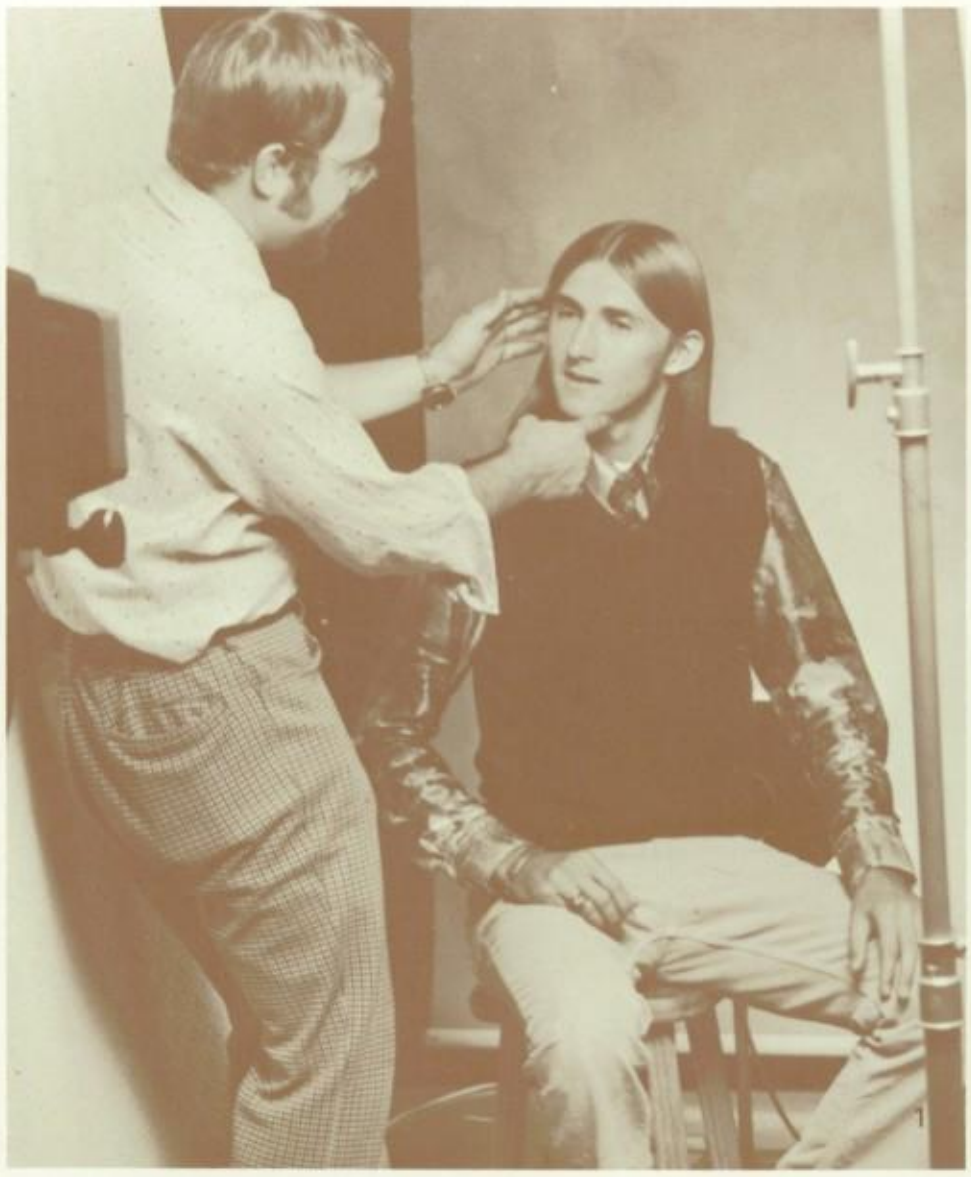
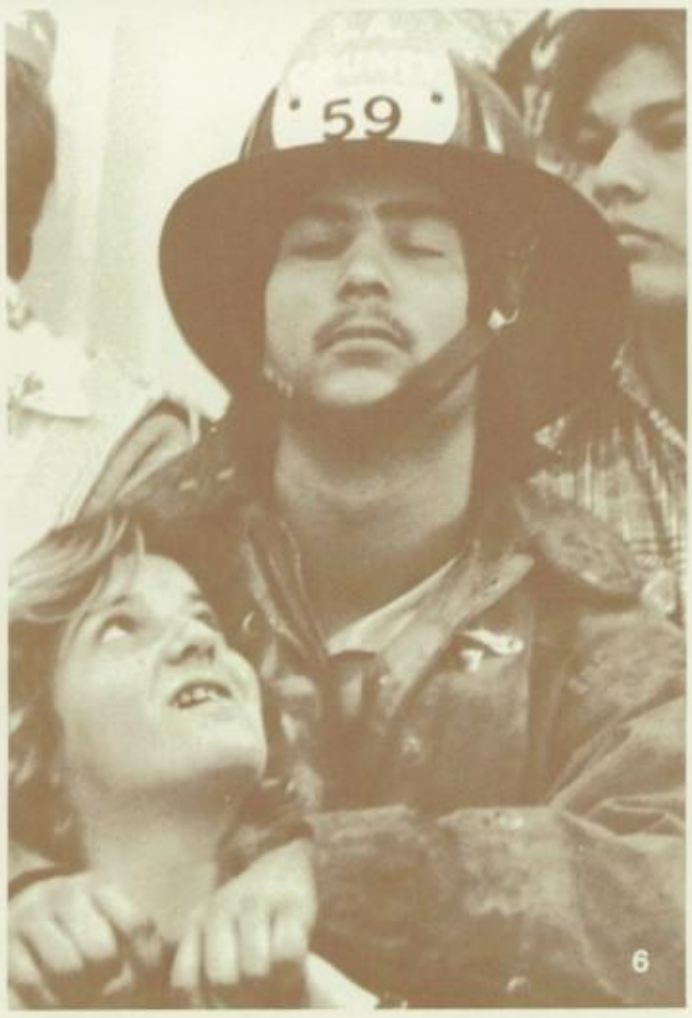
1. Eileen Paskus and Alice McCaffrey taking their usual morning break at Winchell's. 2. "Should I or shouldn't I?" thinks Don Hanich. 3. Judy Lange tries her hardest to understand the metric system. 4. Motorcycles are a big fad at Buena Park this year. 5. Scott Arnold and Randy Christenson showing their power. 6. Seniors anxiously await the results of the homecoming election. 7. "What 6th period?" laughs Tim Courtney and John Noble. 8. Female chauvinism BUSTS out over campus.



In our four years at BP we worked to make the class of '76 the finest. We learned to paint posters, to win pep rallies, and to support the green and white for the purpose of having our class and the school stand out above all others.

We have made friends that we will never forget. The experiences that we have had are now just memories. In our activities we have always had the power to stay as one. As a class we have gained many "firsts" and earned much money. We began by making $49.99 in our freshman year, a high for scrubs. When sophomores, we won numerous pep rallies, including that of Homecoming, and had in our account (after paying for the Prom) a total of $1,313.49. As seniors we gave our gift at the opening-day ceremonies, another first in the history of BP. We also had the senior underground newspaper, BFD.

In the beginning we looked for a future . . . now that the future has arrived we have found that our lives have only started.



1. Toby Mattson poses for his senior picture. 2. The 1976 leadership class takes a break. 3. Dean Michel and Mike McDonald stare on. 4. Joe Grutzik says BOO! 5. Craig Tashima, Dennis Solis, and Ron McCard kick back after a pep rally victory. 6. "Wake up, George! It's time for the pep rally," says Dee Dee Freyre to George Verkamp. 7. Donna Ishii beautifies Tony "Zelmo" Chastain.

Many achievements were ahead of the Junior Class as they strove for a memorable year. The class was involved in many fund-raising projects, as well as fun activities.

The award for Best Homecoming Decorations went to the

Juniors

after early mornings were spent decorating the main hall.

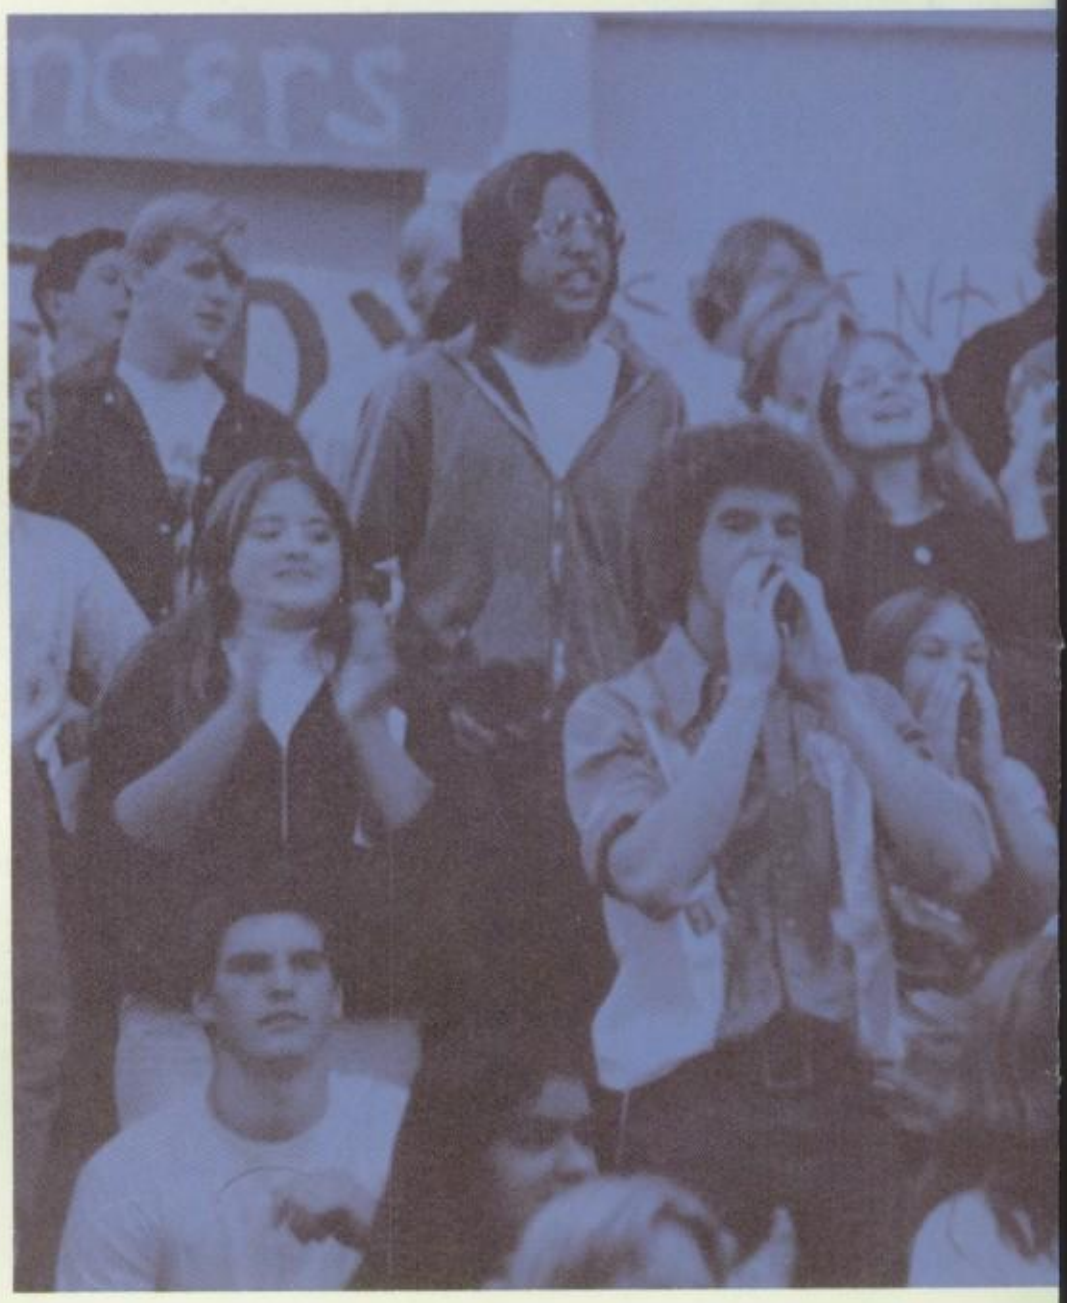
Also during that week, the Juniors sold Homecoming mums.

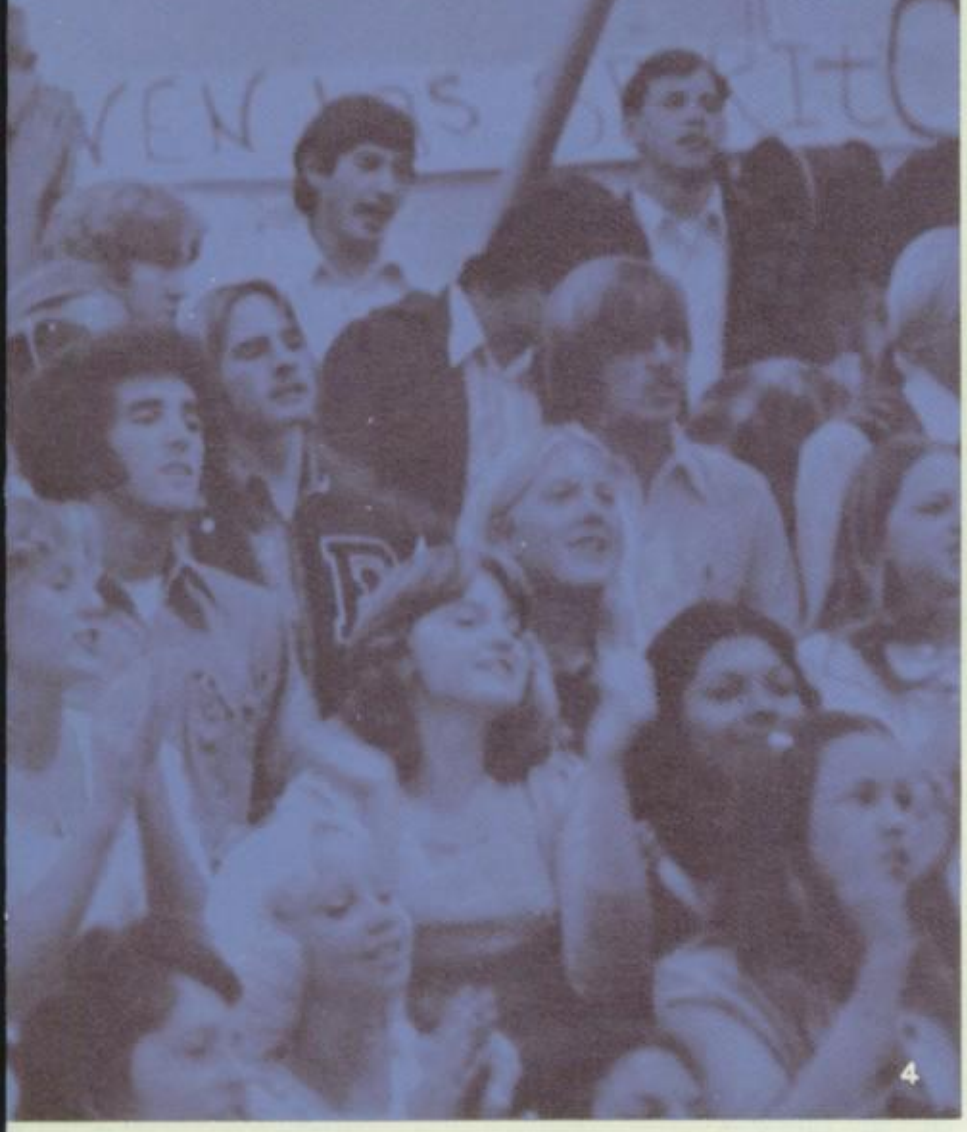
As football programs were bought from the Juniors, so were Santa Grams and Valentine Grams.

The juniors lent a helping hand in the Fame Fair by sponsoring a dunk booth, which proved a successful venture.

A pep-week spectacular was in store for those who watched as the juniors cheered with much school spirit.

The many efforts of the Junior Class were not in vain as the year ended with an unforgettable prom.





1. Together Peggy Ulrich, secretary, and Pat Larson, vice president, work diligently on new ideas and activities. 2. Kim Nelson, treasurer, and Debbie Sue, I.O.C. representative, fulfill their offices with enthusiasm and dedication. 3. Junior Class President Carol O'Connor works throughout the year to unite the class of '77. 4. The Junior class gets it together by expressing their spirit at a pep rally. 5. Junior class advisers who give their time and knowledge on many projects are Mrs. Theo Hayslette, Miss Sylvia Vrattos, Mrs. Dicksie Peterson, Mr. Saul Schachter, and Mr. Shashi Trikha.

The Sophomore Class showed its school spirit and true friendship when President Mike Villaverde offered a short-term loan of $250 to the Senior Class. The money would be there if the class needed it to help buy a colored senior section for the annual. "This was not done for recognition, but to promote unity among classes," according to Mike.

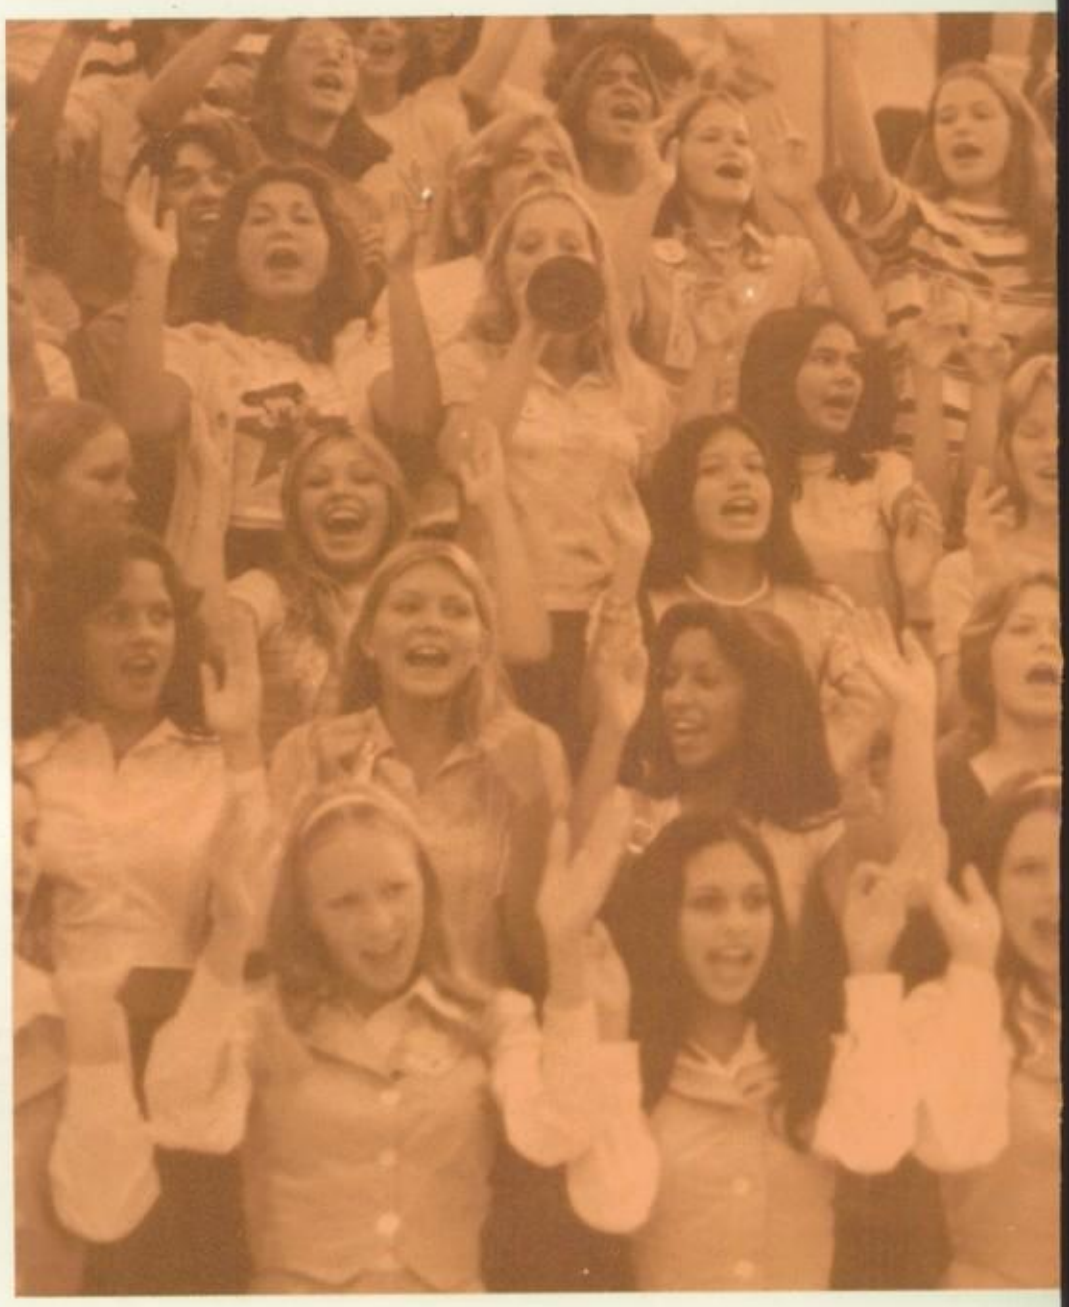
During Silverado Days, the

Sophomores

participated in carnival activities by sponsoring a booth. They raised $250.

At the Fame Fair the class donated time to the dart booth. A prosperous car wash during the summer brought in $125 more.

Their spirit poured out at pep rallies, with high rates in attendance and energetic cheering.



1. Helping the Sophomore Class, Secretary Barbara Trapani and Vice President Kelly Imlay came through with their knowledge and skill. 2. Organizing many activities throughout the year, Gina Schryne, I.O.C. representative, helped raise money for her class. 3. Hard work and determination is what Sophomore President Mike Villaverde had going for him and for the rest of the Sophomore Class members, as they had a very successful year. 4. The super sophomores of '78 victoriously led many pep rallies throughout the year. 5. Aiding the Sophomore Class in activities were advisers Mrs. Margaret Nelson and Mr. Albert Britt.

1. Mike Butkus demonstrates his ability as cartoonist to his fellow classmates Leeann Taylor and Suzan Cruz. 2. Richard Chew receives the reward for his class losing the canned food drive. 3. Moods reflect on the three faces of Judy Ardolino.

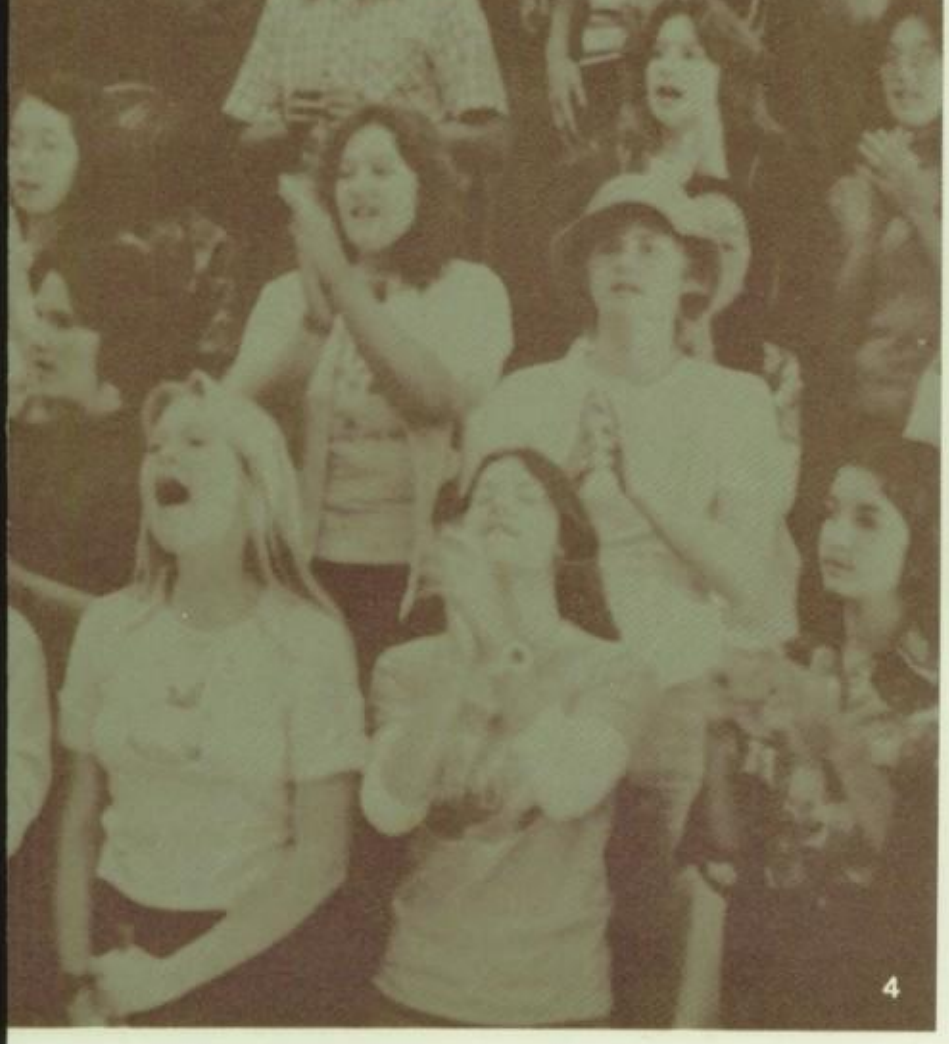
A new start in new surroundings is what the

Freshmen

adjusted to. They wanted to make impressions that would last throughout their high school years.

The class was a very active participant in many school-sponsored events. Attendance at sports, pep rallies, dances, and concerts was overwhelming. Enthusiastic about helping the school raise money, the frosh assisted at a booth for the Fame Fair. Although pep week was a new experience, the freshmen united to show amazing spirit and dedication.

President Polly Lamberton feels the class of '79 is "spirited". She added, "We have really got it all together."



1. Secretary Teresa McKinney and Vice-President Sharon Yee offered ideas and dedication to their class. 2. As treasurer and I.O.C. representative, Jenny Skonezny and Liza Luna, backed their class with fresh enthusiasm. 4. Freshmen display their enthusiasm at a noon pep rally. 5. Advising and supporting the class of '79 was Mr. Vahram Kerian.

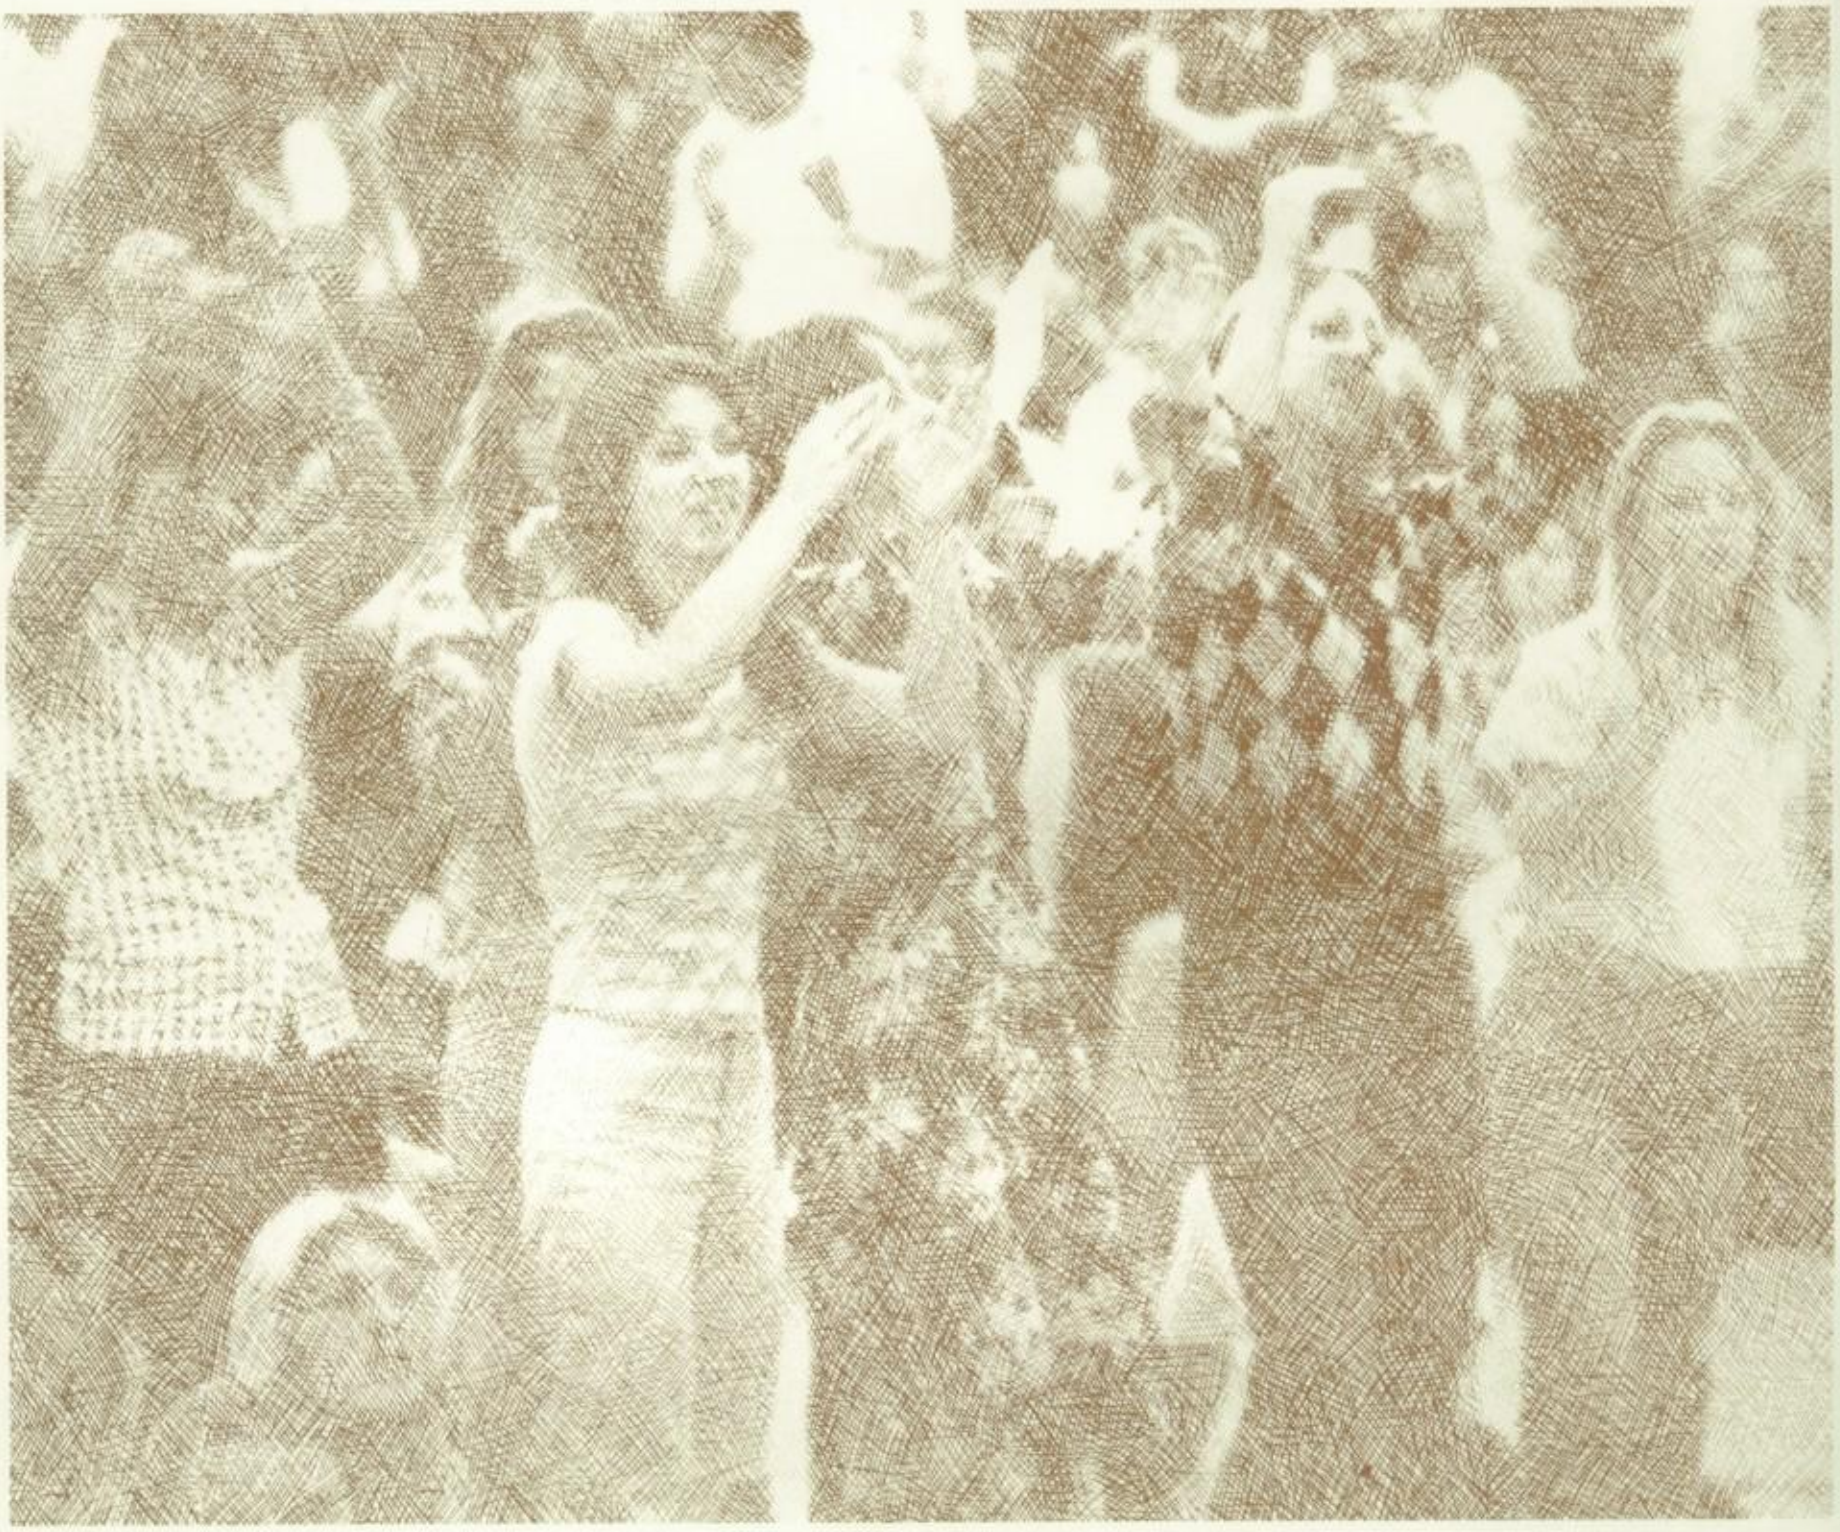
SOCIAL



CELEBRATE . . . your good times,
for each one is unique and shall come but once.

Before the year began, Pep Club held its annual Big and Little Sister Party.

Various campus leaders welcomed the incoming freshmen girls, and the Pep Squad, the Drill Team, and the Letterettes performed.

Many events took place at the Opening Day Assembly to set off the

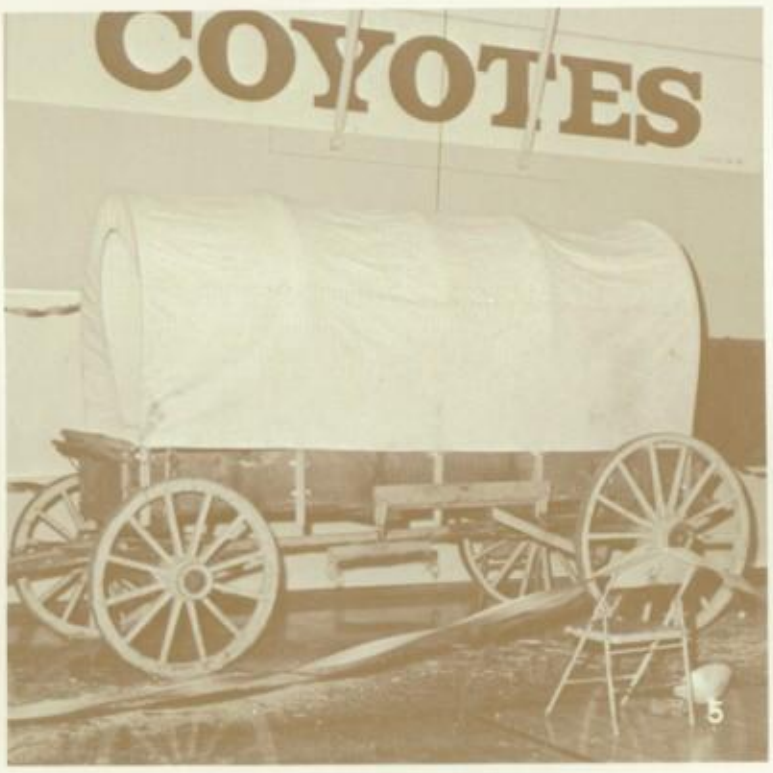
Beginning

of the year. The senior gift to the school was introduced, which was the identification of the Richard H. Spaulding Stadium.

Dr. Machisic welcomed everyone to the 1975-76 school year, and the band and drill team marched proudly in their green uniforms.

Newcomers to BP were introduced to the counselors and the various school activities at Freshman Orientaion.

After howdy-do's were said to freshmen, everyone had a good time at the Howdy Dance, dancing to the music of "Backwater".



1. At the Big and Little Sister Party, cheerleaders teach the Coyote hand-clap to incoming Freshman girls. 2. Dr. John Machisic congratulates former principal, Mr. Richard Spaulding, on having the stadium named in his honor. 3. In a skit at the Freshman Orientation, Joy Fujimoto drags Ed Branscome to the Sadie Hawkins dance. 4. Students rock-out to the music of "Backwater" at the Howdy Dance. 5. An authentic covered wagon helps promote the western theme at the Howdy Dance. 6. ASB President Fred Shum welcomes the BP student body to the 1975-76 school year at the Opening Day Assembly. 7. At this year's Freshman Orientation, Varsity lettermen Ed Branscome and Norman Evenson, show freshmen as well as Eileen Paskus what happens when you step on the Coyote Medallion. 8. Mr. Richard Spaulding, with his dedication plaque, stands proudly next to PTA President Rachel Stone and Coyote Julie Martin.

The Watermelon-Feed was just one of the events sponsored by the

Faculty Club

They also helped with the Fame Fair November 11 and the Educational Fair February 26.

As one of the diligent clubs on campus, they worked towards having three assemblies.

The club ended the year with a Faculty Banquet where they presented awards for Teacher of the Year, Veteran Teacher of the year, and Rookie Teacher of the Year.

International Day was a busy one for the

Foreign Exchange

Club. They arranged for the foreign exchange students from nearby high schools to tell students of their country's way of life. Also among them was BPHS Foreign Exchange Student Helene Oljons from Sweden.

The club raised money by having bake sales and selling Coyote pillows at football games, although their main fund-raising activity was the annual bond sale. This money was used to send a student to a foreign country for the summer.

The Homecoming Assembly was what they had all awaited. For then names of the Homecoming Queen and her attendants would be announced.

Anticipation exists in the crowd as each class president approaches the microphone to announce the lucky girl.

Each time the envelope is opened there is a silent pause. Her excitement and surprise far surpasses that of anyone present as she is given roses and escorted to her place on the platform.

Now all the attendants have been recognized, including the three seniors eligible for the most honored title of

Homecoming

Queen. These girls anxiously wait and hope, as the seconds seem to pass more slowly than ever time could pass. Then the moment arrives! Tense silence fills the air. Her name is announced. Cries of joy are heard as the viewers exhibit their approval with cheers and applause. Her feelings are of unexplainable happiness. Now reality stands where once stood a dream.

The nights ahead will be filled with glamour and still more excitement, and the lovely girls will cherish these moments, for they shall come but once.

Heading the Pep Club Cabinet this year are Diane Santa Maria, secretary of public relations; Laurie Murray, vice president; Cindy Seeds, president; Sharri Riley, treasurer; and Shelly Hardy, secretary. Other members are L. Burke, R. Chipman, K. Geske, D. Heinbuch, S. Lapierre, J. Law, C. Morissette, K. Morlan, J. Palovik, K. Poff, J. Takenaga, J. Watson, H. White. 6. Dayna Toby and Joan Raincrow share a moment of happiness while being led to the dance floor by escorts Al Arbiso and Marty Farnum.

Sponsored by the YMCA, the over 50 members of the

Backpacking

Club planned at least one trip a month. Eight-mile hikes were averaged when the students ventured to places such as Lytle Creek, Crab Flats, and the John Muir Wilderness.

Competing against themselves to better their averages, the

Bowling

team met every Saturday. The club ended the year with a student-faculty game.

Involved in two major tournaments during the year, the

Chess

Club placed second in Marina League.

Winning the tournament for the fourth year in a row, the

Checkers

team members not only played standard checkers but also Swiss, Irish, and Chinese Checkers.

Fame Fair

BP found its way to another first this year with the Fame Fair, held Nov. 11, on Coyote Plaza.

Students spent the day trying to set records in unusual contests such as loudest yell, leap frog, and fastest backward running. The winners' names and records were published in the Fame Fair Gazette.

In addition, carnival games such as a cakewalk, a dunk tank, with BP teachers as bait, and a jail; food; and entertainment which included a karate demonstration, dance groups, the band, and various vocal groups were on hand to add to the festivities.

Created by Mr. Saul Schachter and his son, and sponsored by the ASB, the Faculty, and the PTA, the Fame Fair united BP to raise funds.

The purpose?... To earn money for a new PA system for the PAC. Over $800 was raised by the Fame Fair.

The Fame Fair brought loads of fun for all and put a big dent in the payment of the PA system.

For an evening of Yuletide entertainment, administrators, parents, and students attended the PTA's

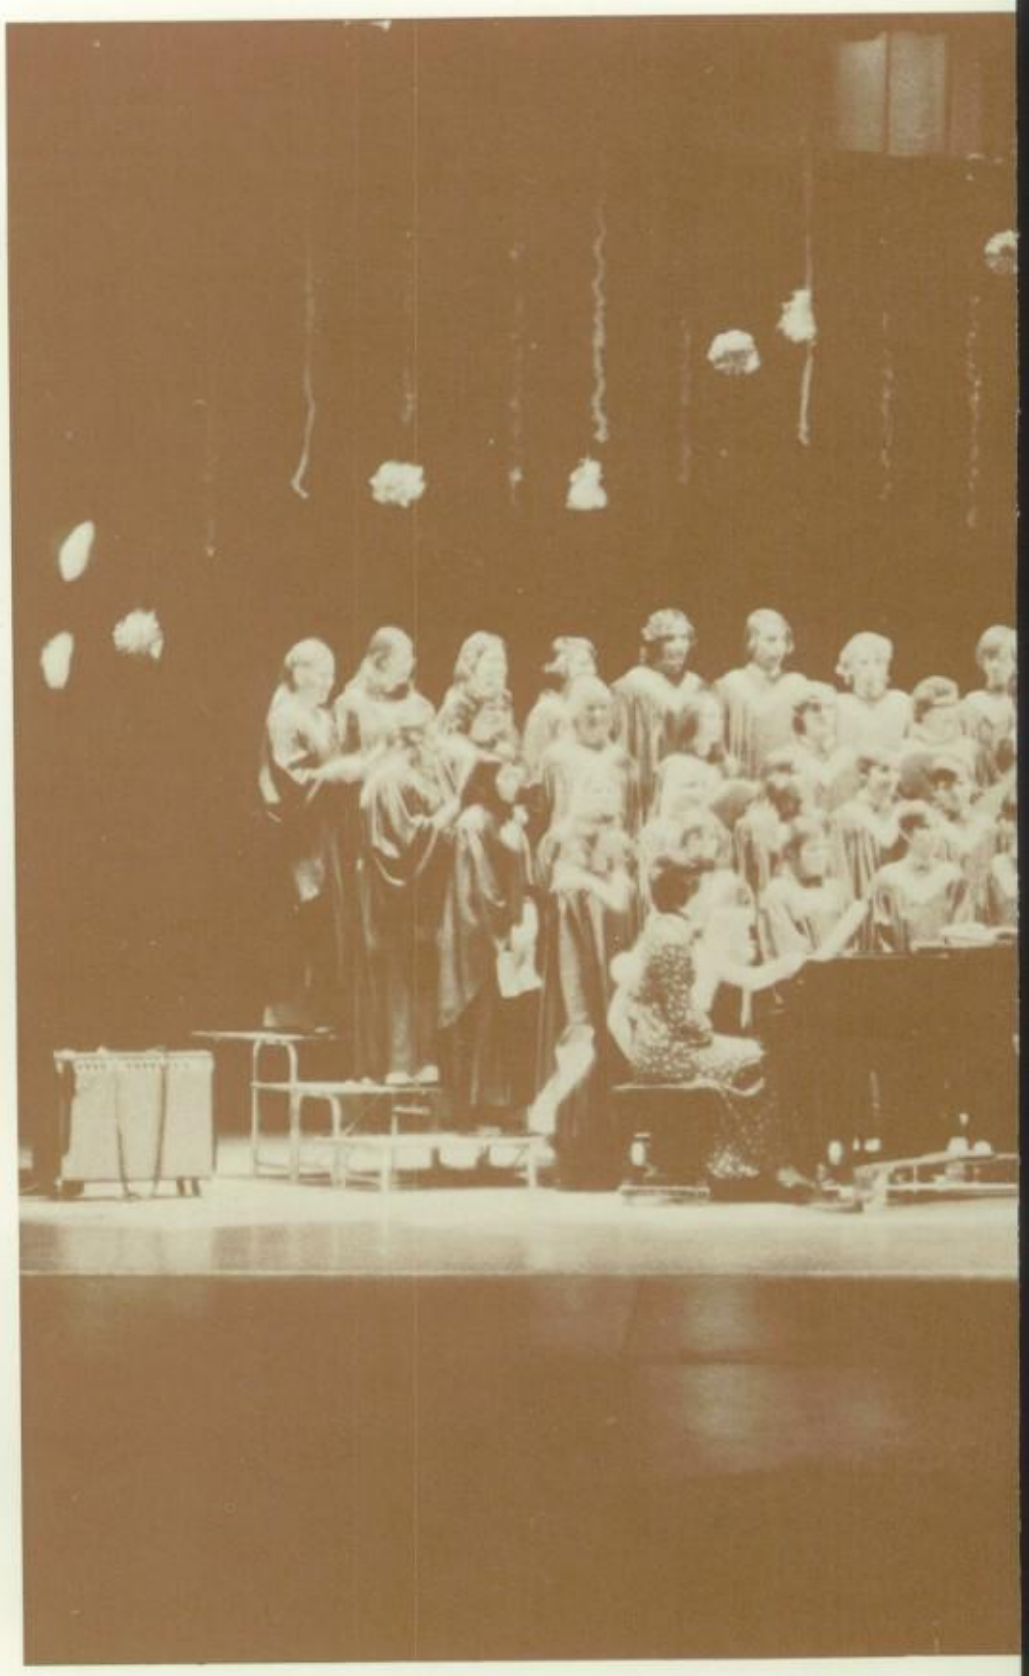
Christmas Program

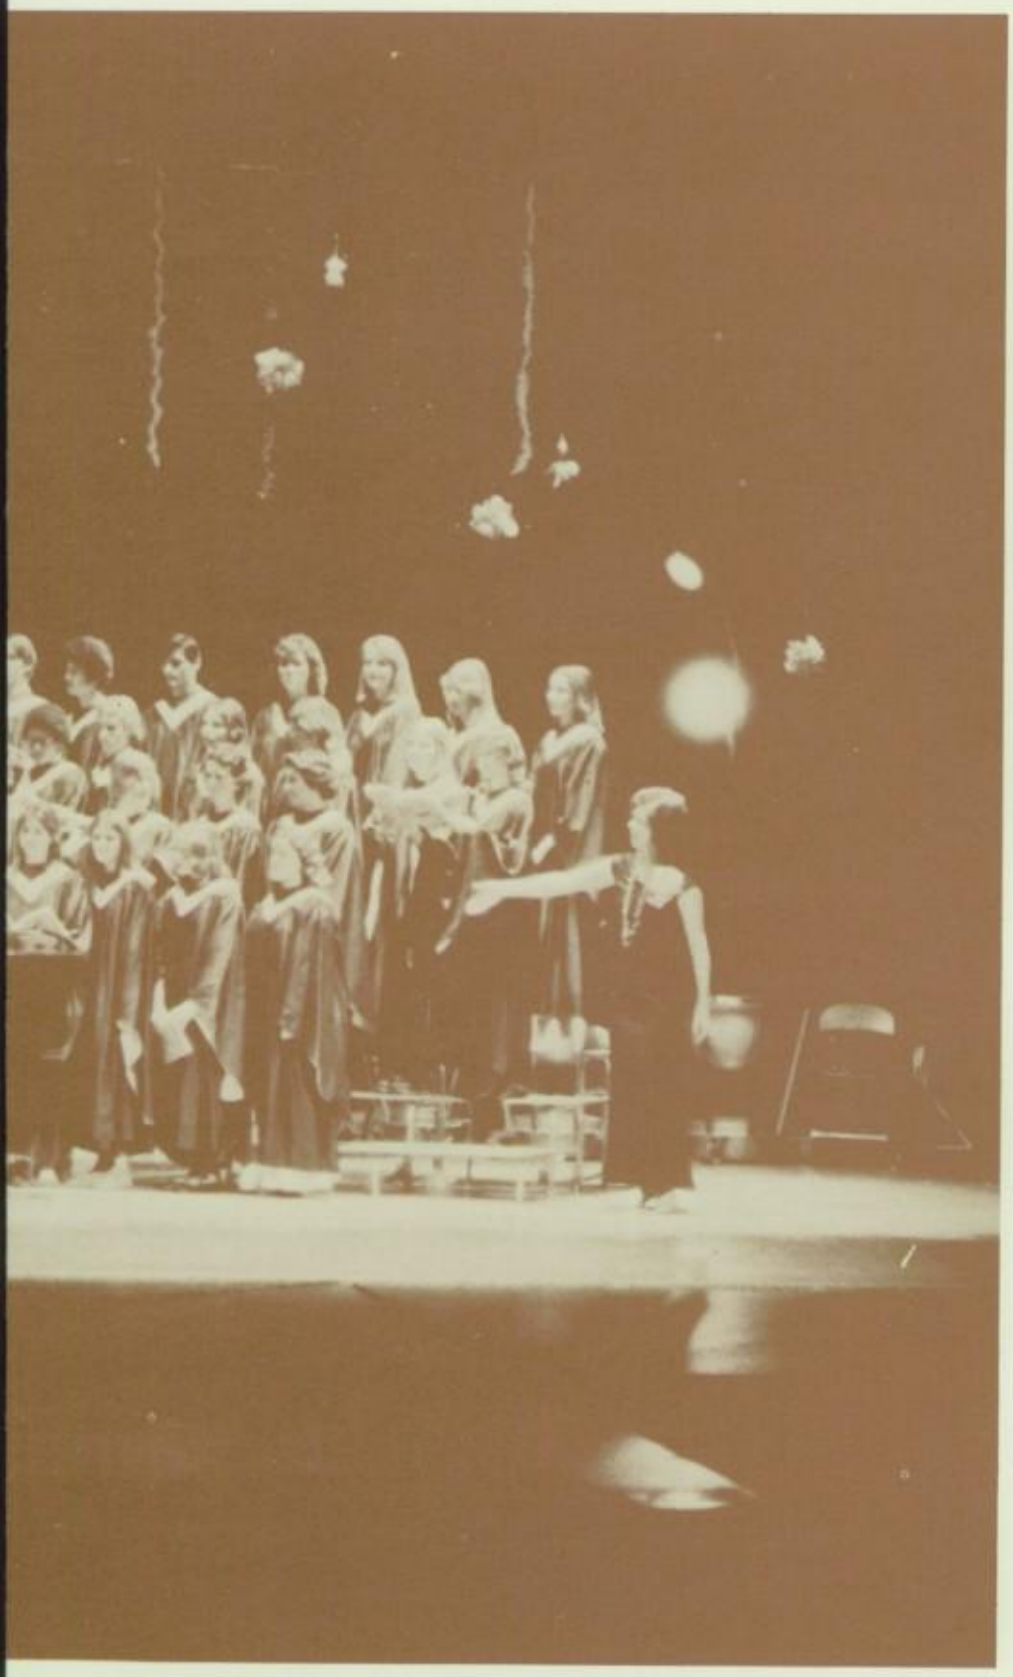
in the PAC. The Girls' Chorus opened the program singing various songs including "Jingle Bell Rock". Concert Choir then sang selections from Handel's "Messiah".

The Madrigals helped create the atmosphere when they caroled around a candlelit table.

"The Twelve Days of Christmas" and other holiday numbers were played by the Concert Band.

Throughout the show the members of Modern Dance performed skillfully as did all of the students involved in the program.





1.Candlelight and snowflakes set the mood for the Madrigal singers. 2. Concert Choir sings the sounds of Christmas. 3. Concert Choir Club Cabinet: Eva Monday, vice president; Aleane McCormick, treasurer; Cindy Timar, corresponding secretary; Misty Stinson, recording secretary; Marcie King, historian; Kris Davis, president. 4. Christmas Formal

The theme, "Feelings of Love at Christmas", was displayed at the Christmas Formal while couples danced to the music of "Jimmy Dash".

Members of the California Scholarship Federation (CSF), who sponsored the dance, decorated the Buena Park Teen Center in shades of red and gold.

Queen Andrea Raincrow reigned over the Court which consisted of senior attendants Barbie Fluegeman and Donna Ishii; junior attendants Debbie Johnson and Lisa Johnson; sophomore attendant Sherri Sundelius; and freshman attendant Carolyn Aaron.

The club sponsored many activities to raise money for the dance. Its canned food drive was the most successful in BP's history. Nearly 4,500 cans were collected.

CSF also held car washes and bake sales during the summer. These activities, along with a food booth at the Fourth of July Bang, provided money for a colorful Christmas Formal.

A glittering Christmas tree decorates the attendance office.

"Party Time With '79" and "Fire Up With '78" were the themes chosen by the freshmen and sophomores for their Pep Week days. The spirit competition and excitement continued throughout the week with the juniors' "You're Not Getting Older, You're Getting Better." They chose a 50's theme with which to plan the activities of their day.

As their theme, the seniors displayed the "Spirit of '76."

There were eight spirit awards given in addition to the famed Spirit Week Award. The seniors earned five of these awards and the sophomores three. The overall Spirit Week Award went to the seniors.

As another one of the

Special Weeks

the Bicentennial one was more than just lighting fireworks on the 4th of July. Sponsored by IOC, the week was a combination of the annual Club Week and a Bicentennial celebration. The week's activities included an assembly featuring the group "Up With People." Haybucking, milk drinking, egg-tossing contests, and ice-cream eating and skateboard competitions were also held. Winning the $10 prize for first in the slogan contest was Shelly Hardy with her slogan, "Every color, every creed; together we stand free."

Entering fairs such as the LA County, Great Western, and the Orange County, FUTURE FARMERS OF AMERICA members showed their well-conformed animals. The club also sponsored a breakfast, canned food and clothing drives, and was actively involved with the Bicentennial Week activities. The highlight of the year was the annual FFA Banquet in May.

For the first time, the MODEL UNITED NATIONS CLUB attended a UCLA conference. Representing Ukranian SSR, much research was required in preparing to re-enact the true United Nations. The club also went to other such conferences.

As one of the newly formed

Clubs

on campus, the SKI CLUB attracted experienced as well as beginning skiers. They first ventured on a day outing to Snow Valley. A previous light snowfall made way for good skiing when the club spent a weekend at Mammoth. Whether by means of natural ability or by trial and error, many of the novice members became avid skiers.

Star Jasmine is a much prettier sight than a parking lot. This is what SCIENCE CLUB members had in mind when they aimed their goal at landscaping the Memorial Grove. Also, this year as a first, several BP Science Club members attended the Experimental Biology Program at Fullerton College, for which they received college credit.

"Only Fools Fall in Love" was the theme of the first BP Valentine Sweetheart Dance. Sponsored by the PTA and the Senior Class, this semi-formal differed slightly from others. Girls escorted their

Valentines

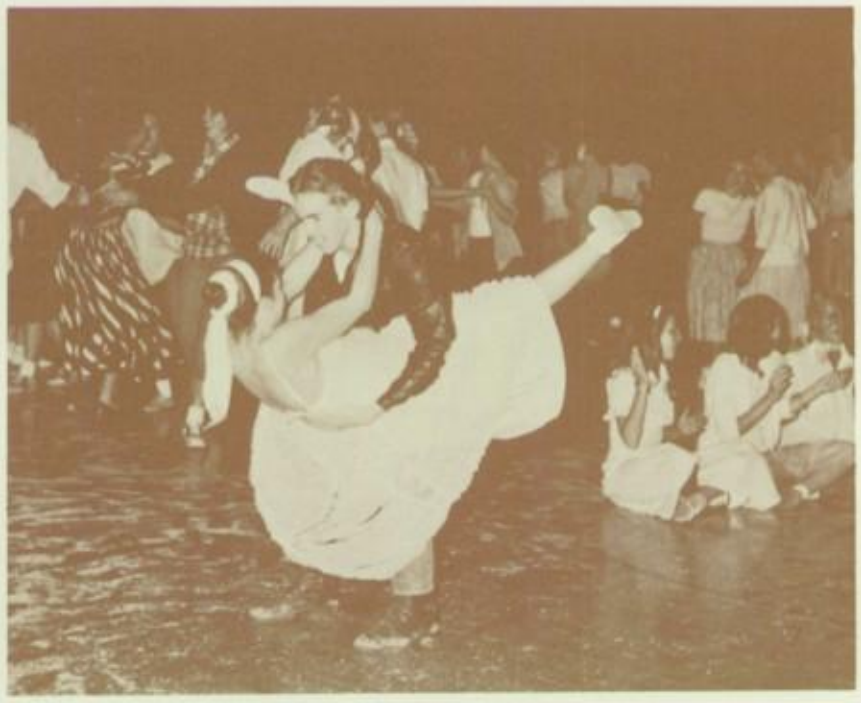
to the event and romance was enhanced with the music of the "Seventh Impression".

Money made from the dance was used for a new PA system in the PAC.

Students spent the night jitterbuggin', hoppin', and just rockin' and rollin' at the

Fifties Dance

sponsored by the Interact Club. The tunes were provided by "Rockets". Some of the proceeds were used by the Interact Club to help mentally retarded young adults.



1. Debi Toma moves to the music at the Valentine's Dance. 2. Joan Raincrow and Barbie Fluegeman enjoy dancing with their sweethearts. 3. Educational Fair

Whether spectators wanted to eat, type, or play basketball, their desires were fulfilled at the second annual Education Fair. Held on February 26, the Fair consisted of different entries from the various education departments.

The Business Department arranged typing competition and also an equipment exhibit. In keeping it an

the Science Department organized an ecology display and provided information on pollution problems in Buena Park.

A tasteful feature was presented by Home Economics in their "food-tasting" display. The Agriculture Department held a showing of a wide assortment of plant life. Community Lab's entry was a machine that answered questions on such topics as cars, houses, and marriage.

In the gym, examples of basketball, archery, golf, and other sports were demonstrated. Drama students entertained with the play, "To Burn a Witch". Jazz Band and Guitar Class played a variety of selections and Modern Dance did the "Hustle".

Drama

In the fall semester, the Drama Department staged Neil Simon's play, "The Prisoner of Second Avenue". The audience was caught in the drama of a middle-aged couple in New York City and the pressures facing them in everyday life.

During the months of February and March, students were busy planning the third annual student-faculty variety show. The theme was "Wile E. Coyote's Bicentennial Waxworks". A portion of the money raised went towards improving the sound system in the PAC.

To end the year, the department introduced a spring play. As in all their productions, drama members put much effort into rehearsals, costuming, technical aspects, and set building.

Getting hitched or put in jail (not necessarily in that order) were two happenings that added to the amusement of the

Sadie Hawkins

Dance. Dunking for apples, eating donuts from a string, and pulling salt water taffy were booth activities prepared by co-sponsors GAA and Modern Dance. The band "Flavor" played a wide variety of songs including numbers to help portray the theme "Cornfield Courtin' "

BP, for the first time, took part in a Powder Puff football game against Sunny Hills, with the teams consisting of junior and senior girls. The BPHS and SHHS

Lettermen

coached the game. The Lettermen's Club also sold 1,140 boxes of oranges during the Christmas season which earned $2,100. The money was used to buy a storage rack, pitching machine, blocking sled, and lane lines for the pool.

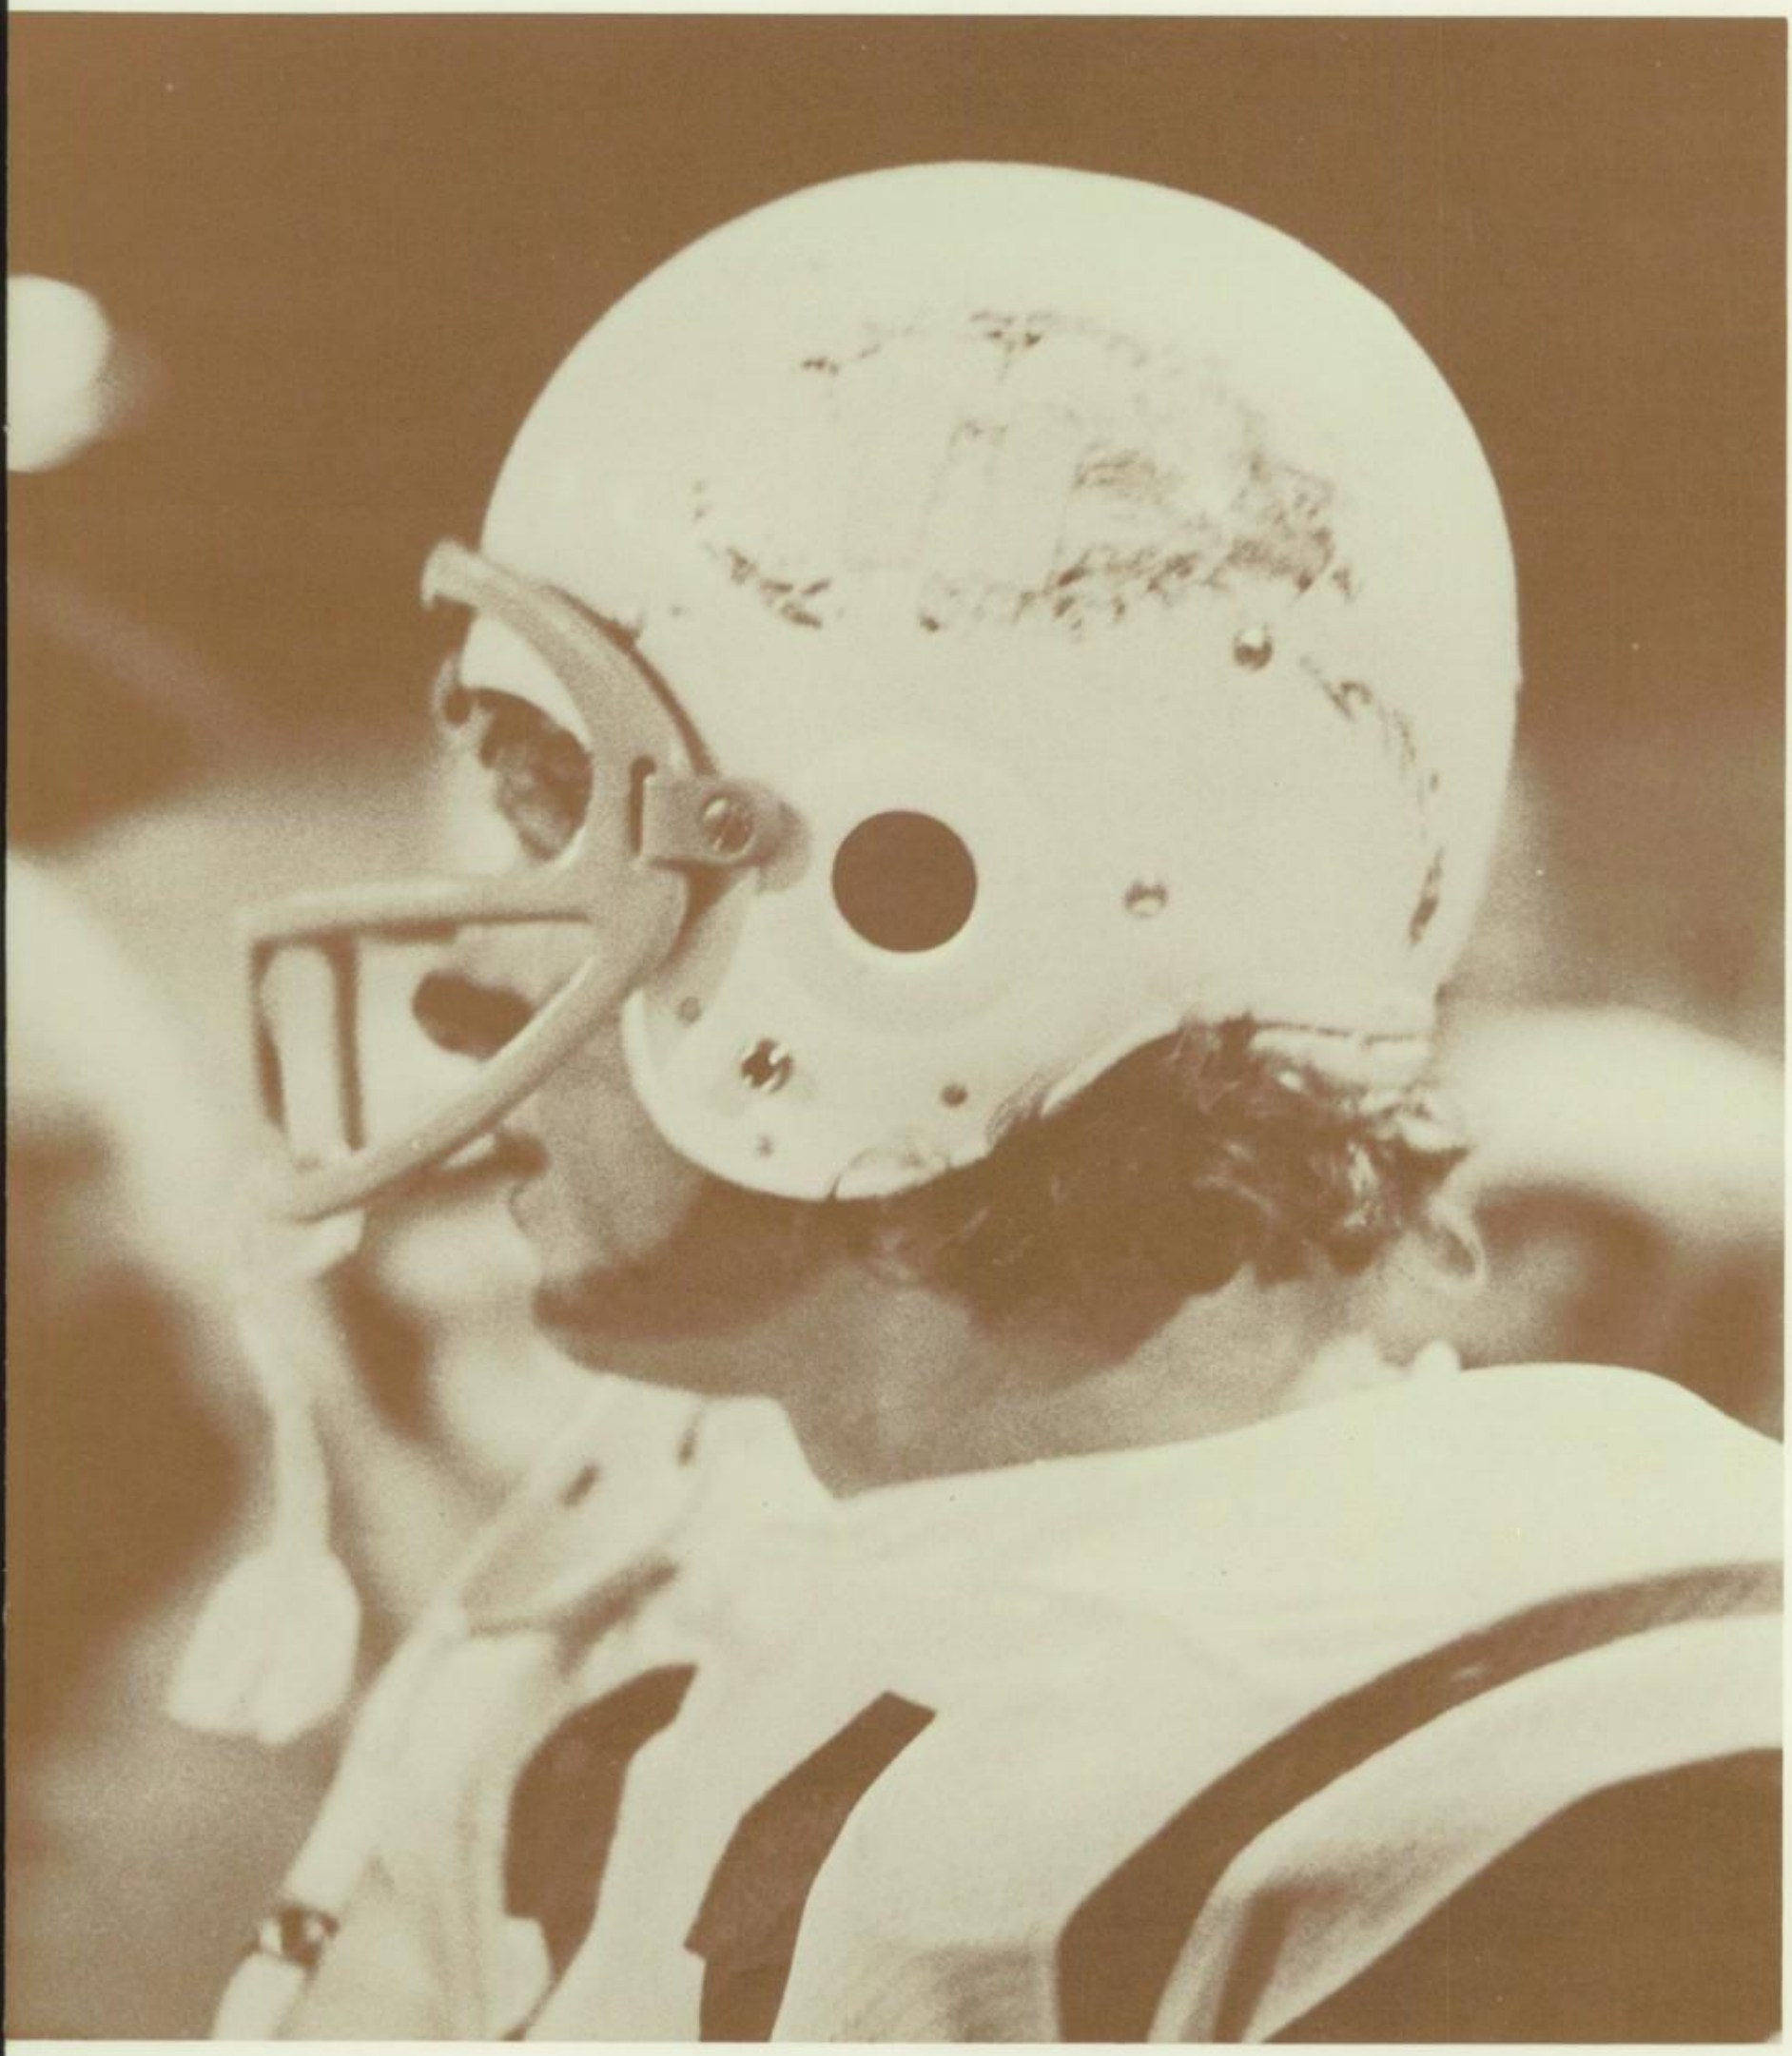
COMPETITION



**CELEBRATE . . . your victories wisely,
and learn from defeat without sorrow.**

At the beginning, 1975-1976 was called the "Building Year for the Future" for Varsity

Volleyball

by Coach Ruth Ann Morris. Out of a team of six players, there was one returning Varsity, all-league player, Carol Ewertz. The remaining five were returning JV's.

As the season progressed they began winning. As they finished their first round of play, their record stood at 5 wins and 0 losses. During the second round, they were defeated by three opponents, leaving the final season record at 7 wins and 3 losses. With this record the team earned the right to represent the Freeway league as the number one team, with Fullerton being co-champs.

The Varsity team played both Palmdale and Hawthorne in CIF play. With a two-game win over Palmdale, the team was then defeated by Hawthorne.

The JV season record ended with 4 wins and 5 losses. The B team record was 3 wins and 5 losses.

Hockey

The GAA Varsity Hockey team, coached by Miss Janice Howard, had a season record of 6 wins, 4 losses. With technique and experience, the team finished the season play with the usual Coyote spirit of sportsmanship. "Hockey is not a muscle sport. It is a sport of high skill and finesse," explained Miss Howard.

In their four defeats the girls on the team fought hard, but were set back by the skill of a much improved league.

Leadership for the team was supplied by seniors Carol Ewertz, Joan Raincrow, Jeanie Stone, and Michelle Tafoya.

Returning juniors to watch next year will be Sandy Johnson, Debbie Sue, and Shirley Rice.

The JV team was coached by Miss Donna Kramer. Their season record was 8 wins, 2 losses. Outstanding players were Carol O'Conner, Rosemary Alvarez, and Charlotte Tafoya.

The girls' Tennis team was a much improved one. Although the season record didn't show their skills, the girls won more games than in previous years. Under the leadership of Coach Claudine Casey, the members of the

Tennis

team worked to polish their styles and abilities. Outstanding players were Paula Dobrowolski, Peggy Imlay, Karen Proud, and Diane Rippy.

The Varsity Basketball team, coached by Ms. Janice Howard, started the season with four straight wins. Unfortunately Paula Dobrowolski, named second team all-league, was side-lined with a knee injury in the fourth game. Four losses followed the accident, but a final win gave the

Basketball

team a 5-5 record, and placed them third in league. Players that stood out were Paula Dobrowolski, Laury Jennie, Sandy Johnson, Cheryl Nault, Jeanie Stone, and Debbie Sue.

Ms. Donna Kramer coached the JV team which finished with a season record of 6-4. Carol Ewertz, Carol O'Connor, Diane Rippy, and Michelle Tafoya were outstanding players on the team.

The GAA Track Team was mostly underclassmen, with only one senior and three junior girls. The team was under the direction of Ms. Dian Felshaw, former BP student and track member. Coach Felshaw, assisted by Coach Tom Gregory, was satisfied with the performance of the

GAA Track

team this year. Many records were set and broken. Debbie Dale set a new time of 63.5 seconds in the 440 run. Deborah McGhee, Linda Wilson, Sandy Johnson, and Debbie Dale broke the record in the mile-relay with a time of 4:40. Patty Wilson ran the mile with a record time of 5:51.3, and Jeanie Stone broke the previous shot-put record with a put of 33' 9 ½".

With only a handful of returning members, the Badminton team was, at mid-season, tied for first place in league with LaHabra and Lowell. The girls practiced three hours every day, as Coach Claudine Casey helped them with

Badminton

techniques and conditioning exercises. Striking performances were given by Varsity players Peggy Imlay, Karen Proud, Joan Raincrow, Charlotte Tafoya, and Michelle Tafoya.

A speedy outfield, along with strong offensive hitting, were the two outstanding characteristics that led to the success of the '76 GAA

Softball

team. Returning Varsity players included Diane Johnson, Sandy Johnson, Debbie Sue, and Jeanie Stone. Paula Dobrowolski was also a member of the team as an assistant coach. She was unable to play due to a knee injury earlier in the season.

Grace and form are two of the main characteristics acquired in the Modern Dance class under the direction of Ms. Sally Thompson. But, most important, the girls learn to accept responsibility and pressures brought on by being a part of a performing group.

The first big event for the

Modern Dance

class was the holiday program, "Christmas Happenings", where the dancers choreographed holiday dances. Next the class performed in Knott's Berry Farm's "Mardi Gras Madness Promenade".

As members of GAA, the class organized and took on all the responsibilities of the Sadie Hawkins Dance. Easter Vacation was spent in practice sessions preparing for the annual Spring Concert, "Reflected Impressions". The year ended as the girls reflected on their successes at the annual GAA Banquet.

1. Andi Raincrow and Kathy French craze to the rhythm of polishing Joyce Philbin's shoe. 2. A trophy of "Superiority" was awarded to the Flagtwirlers when they attended a summer Cheerleading Specialty Camp. This was the highest award given in their division.

While performing in the California Band Review, the Varsity

Flagtwirlers

earned third-place in their division. They also performed in other parades and were kept busy with halftime events, pep rallies, games, and pep squad activities.

The Flagtwirlers proved their skills when they finished tenth in the California State Festival.

With smiling faces and bubbling spirit, the girls in the

Varsity Song

squad added color and enthusiasm wherever they went. Songleaders Nanette DiGerlando, Cathy Key, Sheryl Okabe, Diane Peak, Laura Taylor, and head Karen Wilson began improving their skills in the summer at an NCA camp in Santa Barbara. There they won a superior trophy, the highest award given. They also received a third-place trophy in competition with the many schools in their division.

The songleaders contributed original routines and participated with the rest of the pep squad in activities to promote school spirit. They did a very fine job as part of the "spirit makers" at BP.

The Varsity Yell Leaders were determined to be remembered for their non-stop spirit. Under the guidance of Adviser Mr. John Miller, a summer class was organized to give the girls an early start on planning such activities as Homecoming events.

Varsity Yell

Leaders also attended the National Cheerleader Association Camp at Pepperdine University. For their efforts, they received one outstanding, one superior, and two excellent ribbons.

They displayed their abilities of leadership at pep rallies and all sports events, and they supported the teams through both victories and defeats.

Even when game time ran out, the enthusiasm of these girls didn't. Decorating locker rooms and kidnapping players filled the weeks with continuous fun.

Cheerleaders

In the years past, the Junior Varsity Cheerleaders were seen running from game to game. Attending Frosh-Soph as well as Junior Varsity sports became a difficult challenge for the girls. But this year a JV Song Squad was added to the pep squad.

Preparing for camps they were to attend, the JV had a busy summer. The yell leaders went to the NCA Camp of Champs at Pepperdine University Malibu. The week there was filled with fun activities but also much hard work. These hours of practice were rewarded as the girls received a special award for most improved squad.

The JV song leaders attended the Southwestern Specialty Clinic at Long Beach University. They won a first-place trophy for their precision and ability.

JV Yell Leaders were Lupe Alvarez, Tammy Armemdariz, Debbie Kramer, Penni Ollar, Debbie Wolfswinkle, and head Judy Ardolino.

JV Song Leaders were Teresa Barnett, Kelly Juden, Sandra Murray, Joyce Philbin, Sherri Sundelius, and head Katy Snyder.

The Marching Band, Drill Team, and Support Units started early by sending leaders of their groups to various camps during the summer. All received excellent or superior ratings in the camp they attended.

Incoming freshmen were taught the fundamentals of field and parade

Marching

at a two-week band camp held in the summer.

The groups hours of practice was then displayed during the opening-day assembly.

The hard work did not stop there. Many morning practices were scheduled at 7:15 to prepare for halftime shows and parades.

The Drill Team performed skillfully under the direction of Ms. Sally Thompson. The Flag Carriers and Letterettes gained recognition for their fine achievements, supervised by Mrs. JoAnn Richey.

With Mr. James Young Leading this large group, they truly displayed the spirit of '76.

Varsity Football

The Varsity Football Team was strong offensively, but somewhat lacked in defense.

Despite their great efforts they often met with defeat but never gave up. Showing their explosiveness on offense, they scored 28 points against Santa Ana Valley. This was more than any other team was able to do. Another game that stood out was the Savanna game. The Coyotes went down to play Savanna with football on their minds. It showed up at the end of the game with a 27-6 victory for the BP gridmen.

The Coyotes' defense became alive for the first time, shown by some outstanding plays such as John Bell's blocked punt and Craig Tashima's great play at nose guard.

With the defense alive, the offense became even more restless. All the ball carriers were running with authority, the linemen blocking like they never had before. Suddenly everything came together.

Some other outstanding players for the Coyotes were Brian Davis, Vic McCard, Ron McCard, and Kevin Morrison.

"Although their 2-6-1 record does not really show it, the Freshman football team played very well throughout the entire season," commented Coach George Giokaris.

Both Coach Prentis Porter and Giokaris were impressed with the attitudes and efforts that were shown by the athletes. Numerous close games kept the freshmen from realizing their full potential, but the experience gained will allow the team to be in contention for Sophomore league championship in '76. Outstanding players included Keith Desroche, Mark Sanchez, Dan Riera, and Fred Schied. The

Frosh-Soph

program gave the players the experience to build a Varsity team.

With the combined coaching talents of Norm Watson and Al Britt, the team completed a fine season record of 4 wins and 5 losses. They had a strong season, with the defense playing the more active part. "What made our defense so good was the guys' ability to make hard hits," commented Coach Watson.

One of the games in which the defense played an outstanding game was against LaHabra. Some of the outstanding players were Steve Chavez, Del Little, Trini Valadez, Larry Coulliard, and Scott Forbes.

The Varsity Waterpolo team fought their way to third-place in league with a 4-3 record.

The team's most satisfying win was over Fullerton. Coach Clarke explained, "It was a complete team effort." It was only the second win for

Waterpolo

against Fullerton in BP's history. The stands were full as the determined Coyotes stayed close in a rough game.

At the end, the score was tied and the game went into overtime, then double overtime. With 10 seconds left, Steve Lacey made the winning goal.

Many of the year's games were close, with six of them going into overtime.

The team was sparked by high scorer Norman Evenson with sixty-four goals. Norman and captain Jerry Olszewski were named Co-Most Valuable players.

The title of Most Inspirational went to Louie Bustamante, and a special inspirational award was given to Susan Reeves.

Waterpolo

The Frosh-Soph Waterpolo team followed the Varsity and placed third in league with a 4-2 record. The overall record for the season was a good 15-13, including a first-place in the eight-team tournament in hosted by BP.

The team was led by Most Valuable Player, Tim Spriggs, and by Most Inspirational, John Bustamante.

"The most pleasing win was a 7-2 victory against La Habra," stated Coach Tom Clarke. "It was a good game because we were in control the whole time."

The Coyote Varsity Cross-Country team was the best at BP since 1961. Their overall record was 7-2, with a 6-1 mark in league action. They finished the season with second place in league, and came in fourth in the CIF finals. The outstanding members on the team were Junior Art Cendejas, 9:30 and Scott Allison, 9:41; Seniors Jack Risley, 9:47 and Toby Mattson, 9:48.

The Junior Varsity

Cross-Country

team also did well. They finished with a record of 5-2, which tied them for second place in league. The team was led by Most Valuable Player Dave Morales.

Coach Dan Hirsch had good reason to be happy with the year's results as the combined record of all four teams was 22-6.

1. Varsity Cross-Country: Row 1-A. Blais, M. Baca, R. Braden. Row 2-T. Mattson, A. Cendejas, J. Risley, S. Allison. 2. Art Cendejas and and Toby Mattson lead the Coyotes to another win. 3. The Sophomore and Freshman Cross-Country teams had a highly successful season. The sophomores, led by Ernie Carrasco, went undefeated. At the end of the season they were 7-0 in league, with a total of 9-0 for the year. This record made them the number-one ranked team in Orange County and the Freeway league Champions.

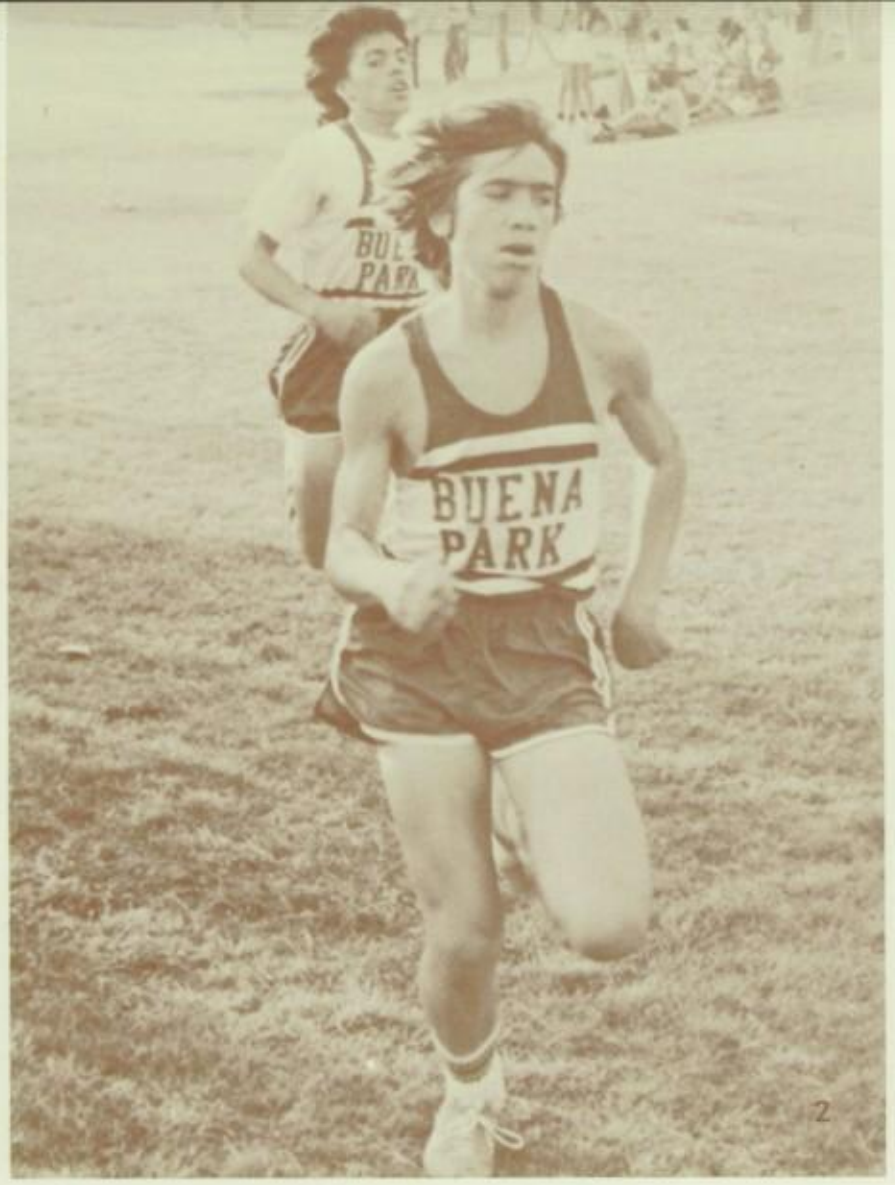
The freshman **Striders** ended the season by tying for third place in league with a record of 4-3. Coach Dan Hirsch is very optimistic about the future with such outstanding freshmen as Chris Totten, the team's Most Valuable Player, and Patty Wilson, B.P.'s girl cross-country star.



1. Interested spectators go over final race results. 2. Carlos Bertot and Andy Campos lead sophomores to victory. 3. After another win, the Coyote spirit takes a rest. 4. Varsity Basketball fought its way in league play to a tie for third with Lowell. After a narrow miss for a place in the CIF playoffs, Coach Ken Bell explained, "This was one of the strongest 3A leagues in CIF, and the third-place team should have gone to the playoffs."

One of the many achievements of the

Basketball

team was placing second in the Troy Tournament with Tony Chastain being named All-Tournament. The Coyotes also took the consolation championship in the Santiago Tournament with both Chastain and Gene Dean named All-Tournament. Chastain was also titled as Freeway League Player of the Year. Coach Bell stated, "This was one of the best teams BP has had in the last ten years."

The Junior Varsity Basketball team, which placed second in league, ended with a 10-4 season. Led by Tom Mehrmann, most valuable player, and Ed Amelung, most inspirational player, the team's best game was their last one in which 50 points were scored in the second half.

Led by Co-Captains Mark Shindo and Mark Sanchez, the Freshman

Basketball

team displayed thier speed and ability throughout the season.

Coach George Giokaris felt that working together was the means by which they won many games. He stated, "They did not succeed because of a few individuals but because of the teamwork and excellent attitude of all the team members. The prospects are very good for the basketball team in the next three years."

The Sophomore Basketball Team was a determined and hard-practicing team.

Freshmen Tony Amelung and Keith Desroche were aggressive players for the Sophomore team. Another outstanding player was Sophomore Richard Wilson.

Coach Tom Gregory was pleased most by the win over Lowell. He said, "The team's only problem is inconsistency. They are also a promising team for the upcoming years."

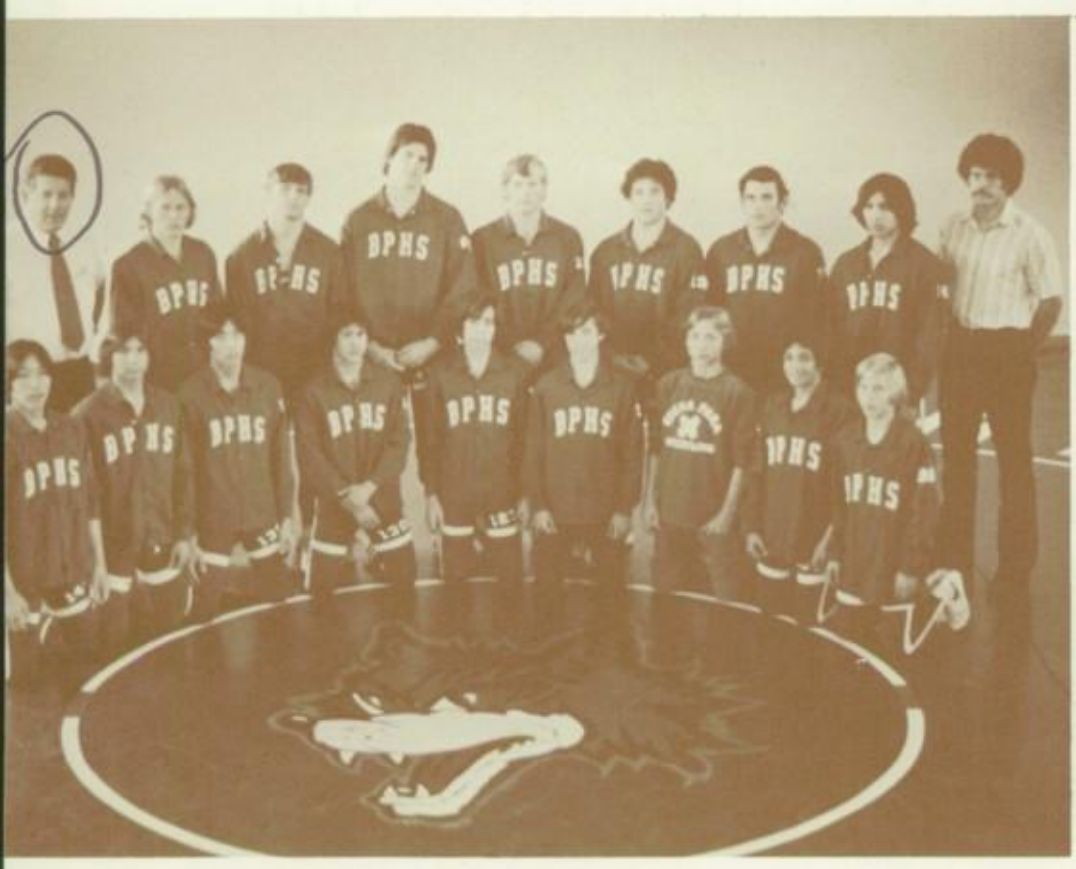
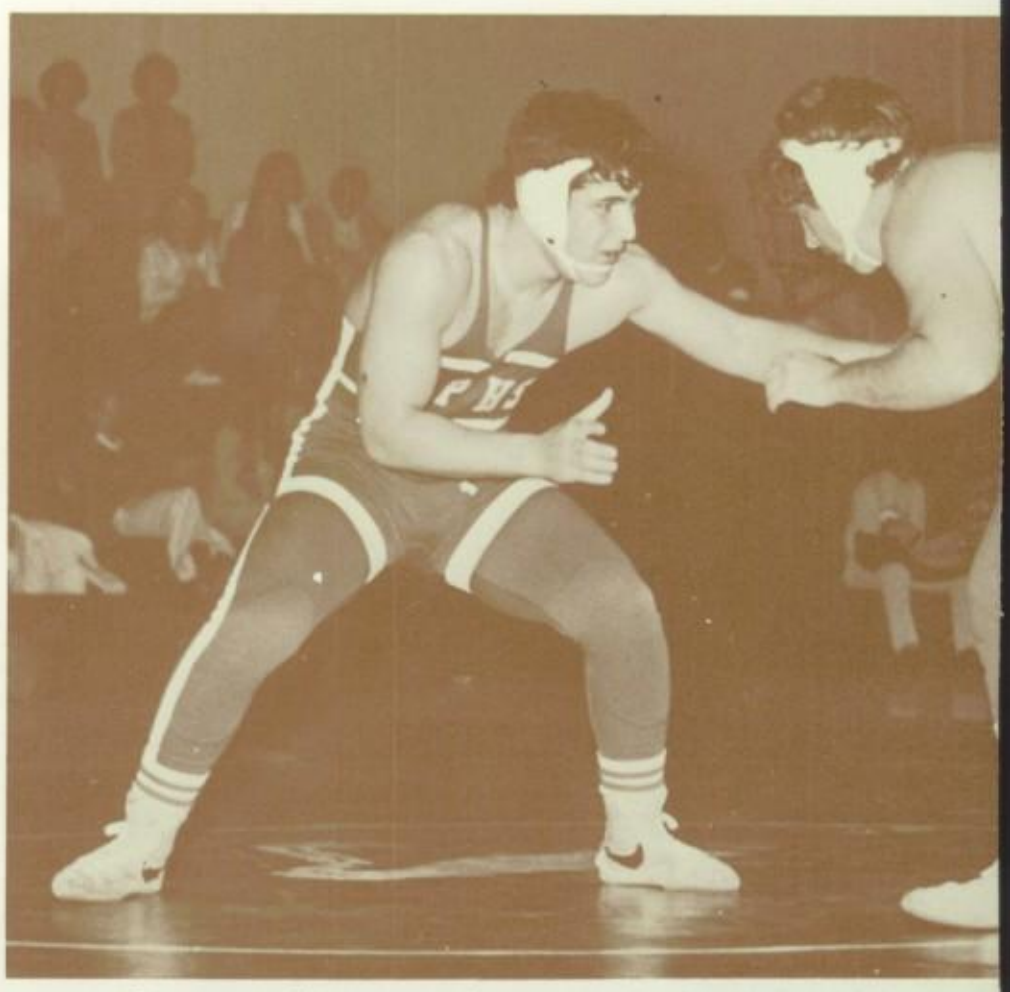
The wrestling program, under the supervision and coaching of Mr. John Craven and Mr. Dave Buchholz, placed second in league behind the Fullerton Indians. With the experience gained this year, it is the hopes of Mr. Craven that next year's Varsity

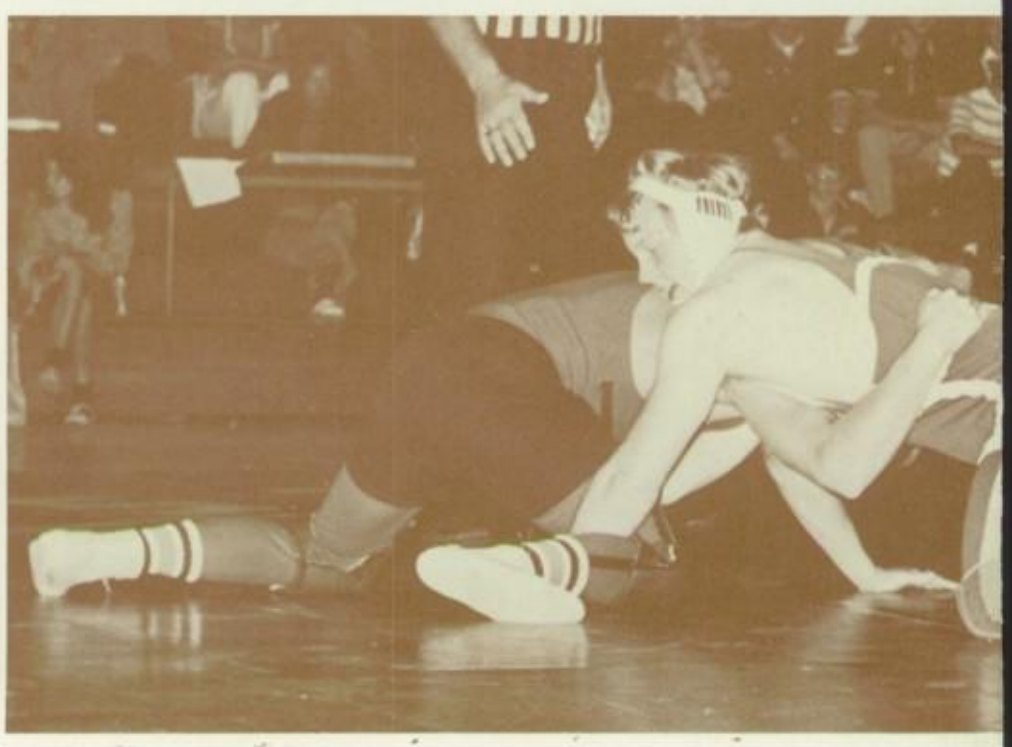
Wrestling

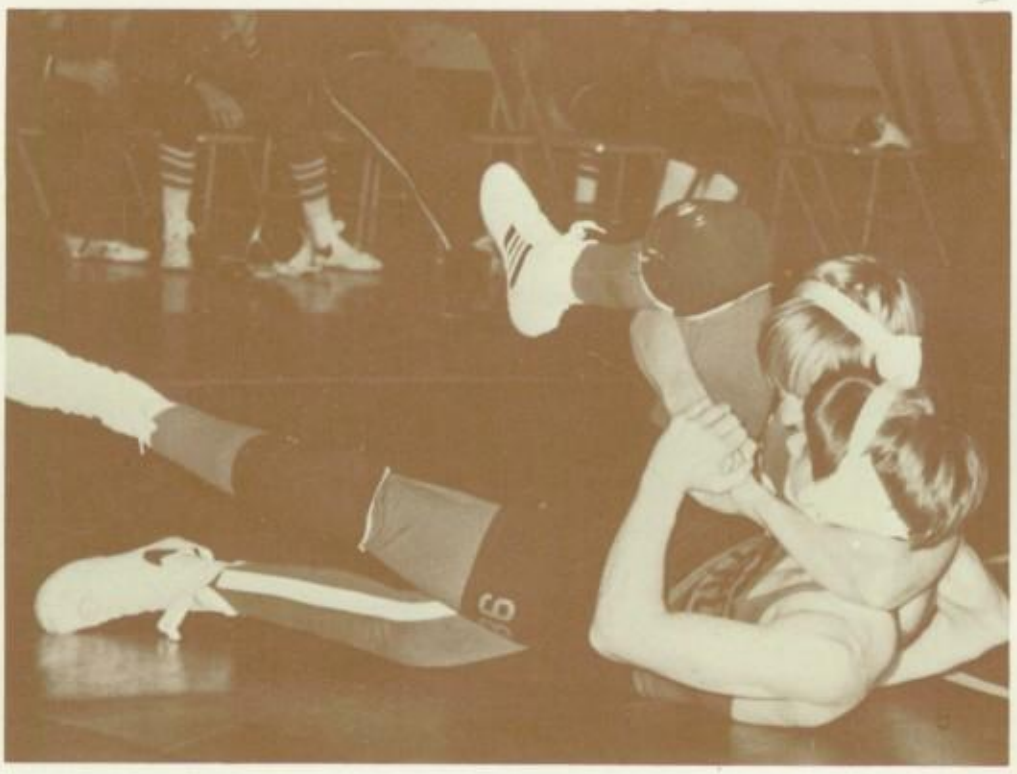
team will be stronger and have more depth than the squad of '76. With the leadership of only four seniors, the team had hard luck in their season record as they lost to both Fullerton and Lowell by small point margins.

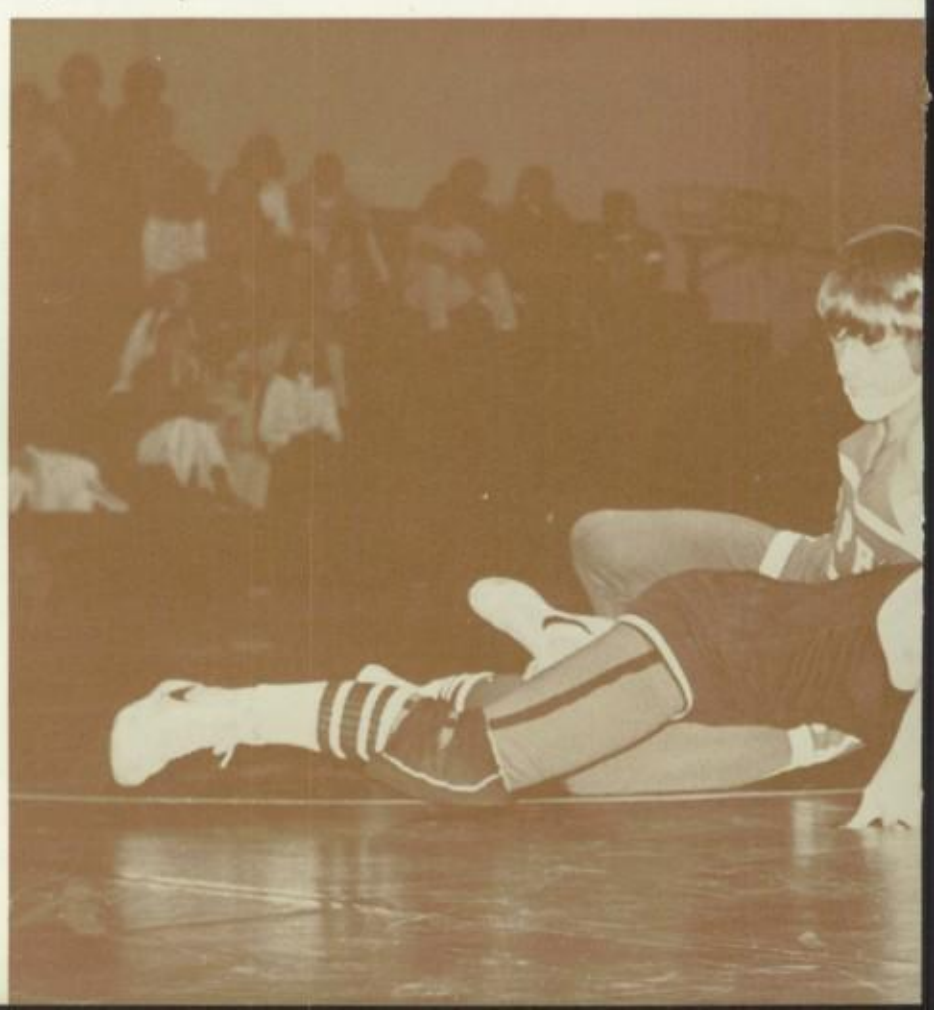
In individual tournaments such as the Montebello, Orange- Freeway, and El Dorado Take-down, the team always placed high with strong persons such as Ed Branscome, Bob Caverley, Tim Fahl, Brian Ota, and Roy Toma. In post-season CIF wrestling, the Coyotes placed the entire squad in pre-lims while having five individuals in CIF finals. The banquet award-winners were Bob Caverley and Ed Branscome as co-Most Valuable players and Ed Branscome as Most Inspirational.

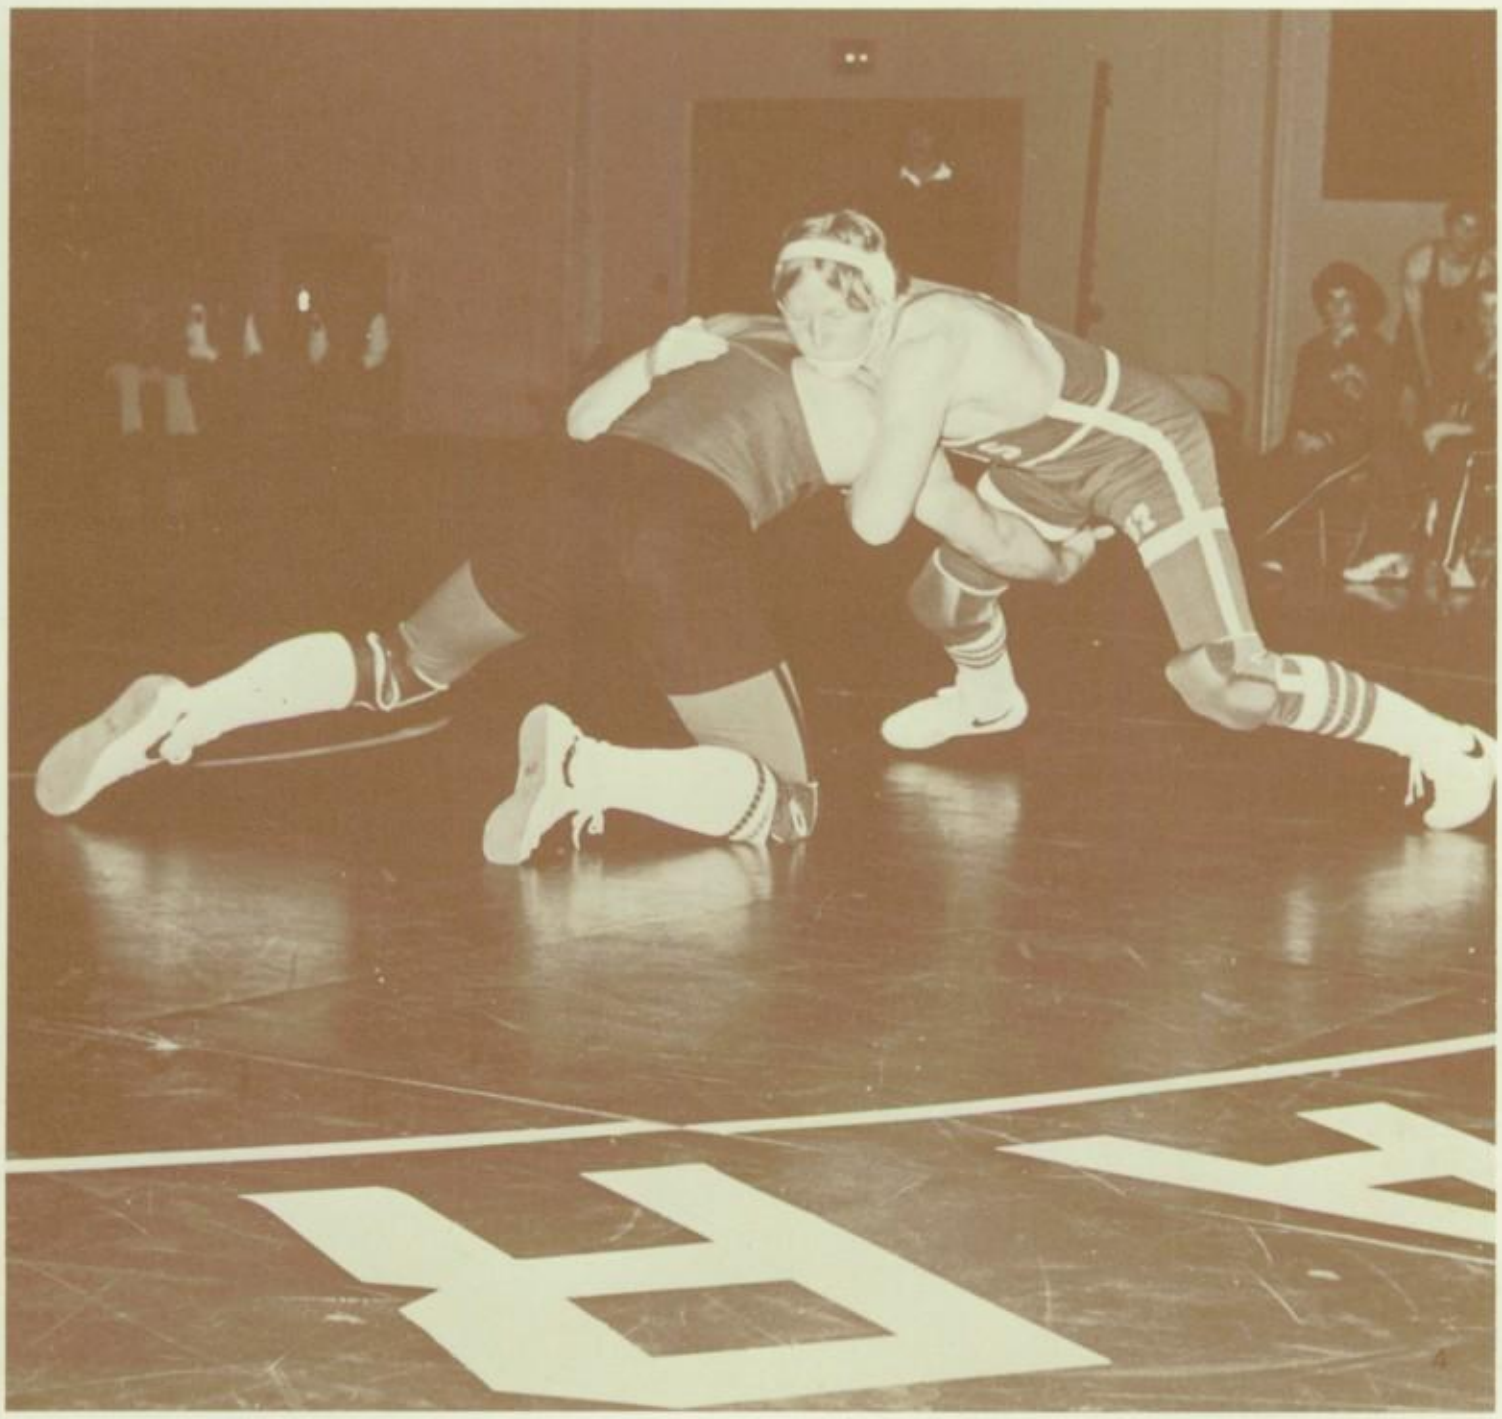


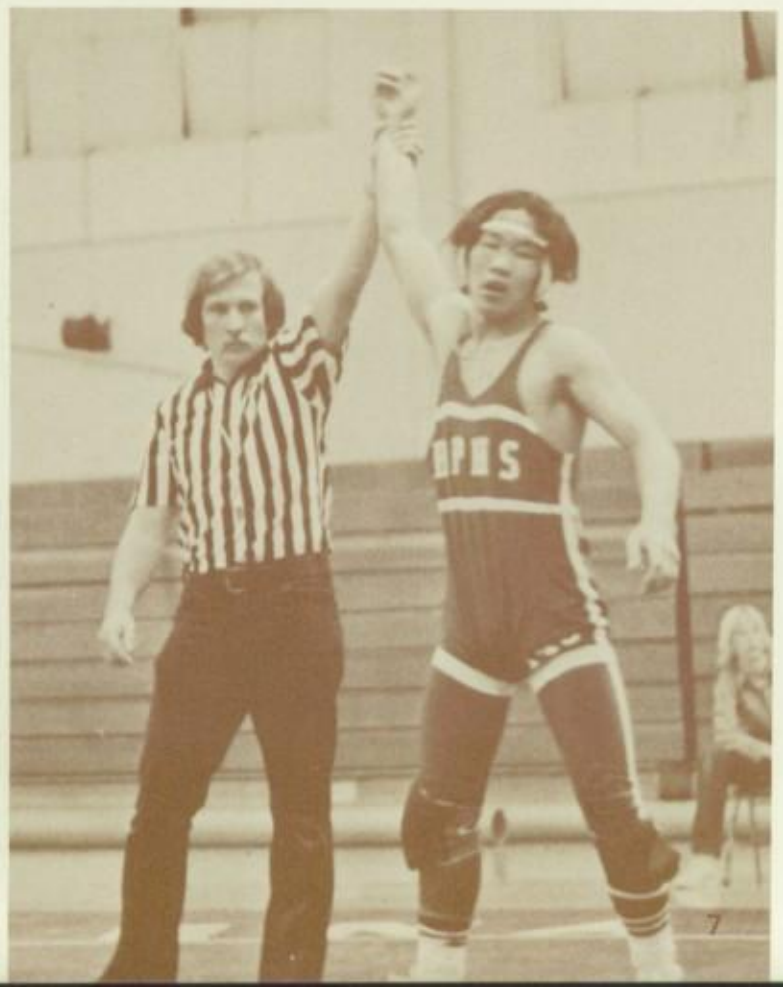












1. Mark Boyd shows strength in his stance as he approaches his opponent. 2. "The boys really didn't have a chance to win on the Frosh-Soph level," explained Mr. Craven, "because we had to use most of the younger talent on the JV and Varsity teams."

Under the guidance and coaching of Dave Buchholz and John Craven, the

Frosh-Soph Wrestling

team ended its league season with a record of 5 wins, 2 losses. This record gave the team a deserving second-place finish in team competition.

Outstanding young talent was found this year in the Frosh-Soph program as four athletes lettered Varsity. These wrestlers were Randy Mataisz, Don Ramirez, Fred Sheid, and Ed Valenzuela.

The team competed in five-season tournaments highlighted by a third-place finish in BPHS invitational. Banquet award winners were Clayton Toma as Most-Valuable and Jim Riemer as Most Inspirational.

Swimming

The Varsity Swimming team ended the season with a strong third in league and an overall record of 11-3. Leaders for the team were brothers John and Jerry Olszewski, Tim Spriggs, Steve Lacey, and Bob Strand.

Also finishing third in league, the Frosh-Soph team held a 9-5 overall record. The high point in the year for both Frosh-Soph and Varsity teams was the sweep over La Habra.

Going to the CIF Individuals were Jerry Olszewski for Varsity, and John Olszewski and Tim Spriggs for Frosh-Soph.

Coach Tom Clarke explained, "I'm looking forward to a better season next year with so many returning lettermen."

The Varsity Track team, with a mid-season record of 4-3, showed much promise. Scott Turner set a new school record of 38.7 in the low-hurdles, the fastest time in 3A CIF. Other outstanding members on the team were Don White and Ron McCard in the 440, Vic McCard in the shot-put, and Art Cendejas in the mile and two-mile events. The most pleasing win for the

Varsity Track

Team was against Fullerton, when 50 points was the margin by which the favored Indian team was upset by the Coyotes in the league opener.

The mile-relay team of Jerry Faas, Ron McCard, Scott Turner, and Don White (with a time of 3:27.1) was rated fourth fastest in 3A CIF.

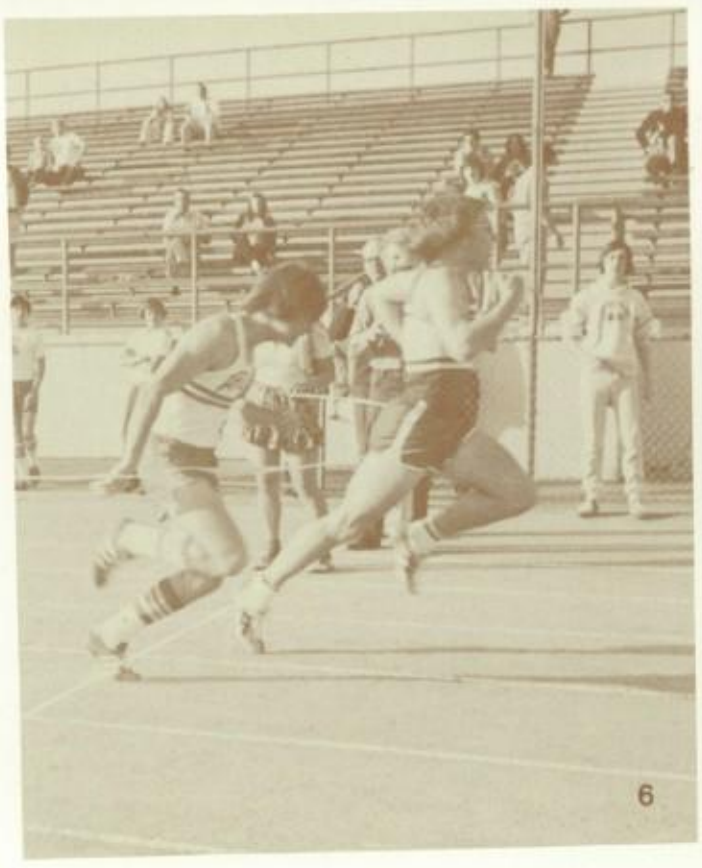
Courtney, Coach Ralph Tallant, Coach Albert Britt.

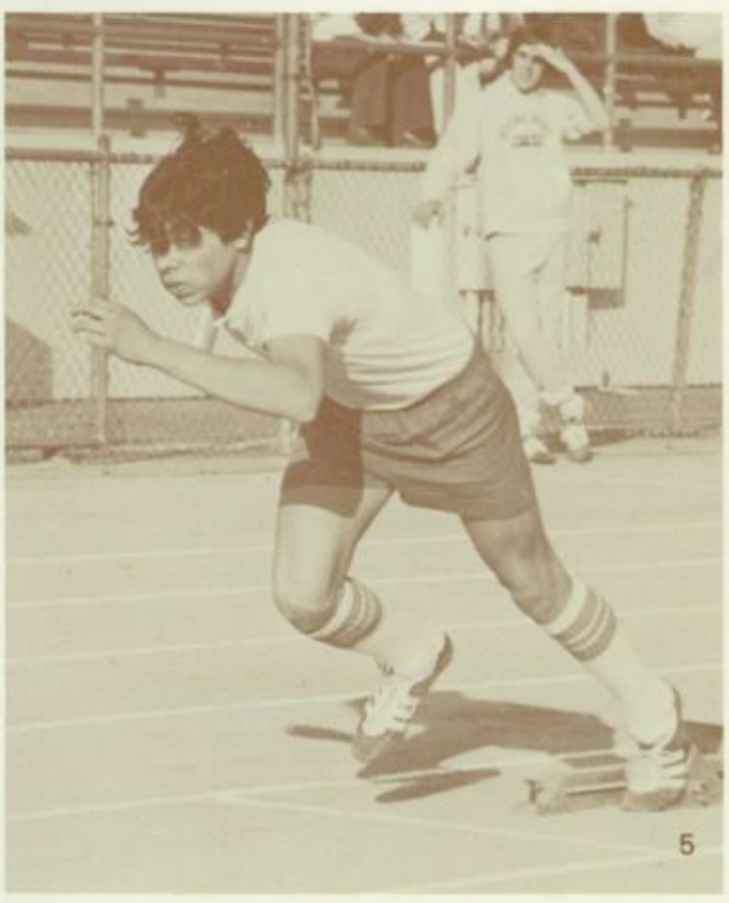
Two freshmen on the Frosh-Soph Track Team set new school records in the course of the season; Alfonso Silva with a long jump of 19'1" and Bob Eichar with a time of 18.7 seconds in the 120 high-hurdles. Also outstanding members of the

Frosh-Soph Track

Team were freshmen Chris Totten in the mile run and Bob Cowick with his pole vaults of 10 feet.

Although the sophomores had a mid-season record of 0-6, they had many excellent tracksters. They included Mike Villaverde in the hurdles, Richard Wilson in the 880, and Maurice Buitrago in the shot put.





1. Sophomore Track Team: Row 1- K. James, M. Baratti, C. Turner, C. Bertot, E. Carrasco, T. Slichter. Row 2- A. Campos, S. Few, W. Pedler, M. Kovacich, S. Fowlkes, Row 3 - Coach Dan Hirsch, D. Alfonso Silva shows good form as he comes off the starting block. 6. Ken James stretches to be first. 7. Craig Norton leads the race while Leonard Juarez gains on opponent. 8. Bob Ewing goes feet first to gain extra inches in the long jump.

"To win games at the Varsity level you must have speed, power, dedication, and strong pitching. Without these qualities in every game, you just can't have a winning season," explained Coach Ed Hicks. This year's

Varsity Baseball

team carried these traits , but they lacked consistency as they faced their league opponents.

A highlight of the season was when the enthusiastic Coyotes whipped the defending league champs, Fullerton, in their opening league game, 7-1.

The '76 squad was much improved over teams of the past as they had overall quality play from returning lettermen Dwaine Couillard, Brad Locicero, and Tony Maulorico.

Players to look for in the future are underclassmen Eddie Amelung, Tom Cain, Glen Jackson, and Jim Kaplan.

Coach Hicks concluded, "The team was young this year, but their playing experience will be sure to help them in upcoming seasons."

"Strike one, strike two, strike three!" Roger Payne shows dominance as a pitcher.

"The JV Baseball team showed a lot of aggression and spirit in the games," explained Coach Randy Arner. The high point in the season for the

JV Baseball

players was their win over Fullerton, the first place team. Many of the players were sophomores. Outstanding were Steve Chavez, Clint Compton, Dan Condon, and Doug Dubois. Coach Ed Hicks added, "I am looking forward to all of this young talent coming up to Varsity next year."

Headed by Coach Prentis Porter, the

Frosh-Soph Baseball

team gained much experience even though the season didn't prove too successful. Leaders for the team were Kevin Poole, Julian Rios, Joe Ryan, and Rick Vargas. Coach Porter feels that with this background, the team is sure to come back a refined team next year.

The most important member of the team.

"We have showed steady improvement from the beginning of the season," explained Coach Ken Bell. With only one senior on this year's

Varsity Tennis

squad, the team looked forward to upcoming seasons. The experience gained was expected to help as the underclassmen worked for consistency and strength in their play. Even though they were often defeated in league play, fine performances were put in by underclassmen Rich Rigney, Don Chavez, and Nick Donahue.

Each school year, many seniors are honored for their outstanding achievements. These seniors were recognized for their efforts in various fields by school, community, and national organizations.

HIGH HONOR students were those who maintained a 3.5 or better grade average for four years. California Scholastic Federation (CSF) SEALBEARERS were those students who had been members of CSF for at least four semesters, one being in the senior year.

The school faculty assisted in determining the

Award-winners

in many instances. Recipients of the OUTSTANDING SENIOR title (sponsored by California Savings and Loan), and the UC RIVERSIDE awards were selected by faculty members. The DAUGHTERS OF THE AMERICAN REVOLUTION (DAR) honoree was also chosen by the faculty, with this being the first year that males were eligible. The BANK OF AMERICA presents twelve certificates yearly in specific fields, and four plaques in general fields. Honorees were chosen on the basis of their scholastic achievements and community involvement.

An essay determined who were credited with the title of BETTY CROCKER HOMEMAKER OF TOMORROW and who was the SOROPTIMIST CLUB award-winner.

Plaques and certificates were awarded to some students. Others were given money, trophies, scholarships, or the title of being "outstanding".

What was so special

Voters to decide on tax increase in district election

District bond issue rejected by voters

Financial crisis to affect campus

BP student walkout protests budget cut

The BP walkout was a monument to communication. There probably wasn't a student on the campus who didn't know where and when to go. When students got into the gym, they got a chance to talk face to face with administrators about the results of the tax election, it's effects on BP, and what could be done to solve the problems. But the motion for the tax measure to be put on the June ballot had already failed, and its chances for a November election were nearly hopeless. The total affect of the walkout was probably little more than students "letting off steam."
